Division I criteria proposal outlined

Proposed legislation to strengthen the criteria for membership in Division I, as backed by the NCAA Council and the Division I Steering Committee in their October meetings, has been placed in final form for consideration at the 1983 NCAA Convention.

The legislation—all amending Bylaw 11-1—will be included in the Official Notice of the Convention, to be mailed November 22, and will be voted upon by the Division I membership during the Convention January 10-12 in San Diego.

A resume of the plan and implementing legislation, as developed and announced by the NCAA Council, follows:

Background

When Divisions I, II and III were created by the membership in 1973, the intent was to provide the opportunity for national legislative forums of reasonably homogeneous groupings of institutions with similar commitments to similar programs. The respective division memberships began establishing criteria for their divisions at the January 1974 Convention.

In Division I, additional new criteria were adopted at the 1978, 1980 and 1981 annual Conventions and at the December 1981 special Convention. Existing criteria were subject to revisions at the 1979, 1980 and 1982 annual Conventions, as well as at the 1981 special Convention. Unsuccessful attempts to either strengthen or weaken the Division I criteria have been submitted for each of the past

seven annual Conventions.

Meanwhile, Divisions II and III—first the latter and more recently the former—have been steadily refining the criteria in their divisions as their members move toward the homogeneity intended in the three-division structure.

The frustrations manifested by the various annual proposals and debate within Division I were reviewed by the NCAA division steering committees and the Council in 1979, when the Special Committee on NCAA Governance, Organization and Services was appointed and charged with studying, among other things, the problems in the NCAA division structure. Two years later, that study culminated in refinement of the criteria for Divisions I-A and I-AA in football at the December 1981 special Convention.

The Council then turned its attention to the unresolved problem of the overall Division I membership; i.e., the increased presence in that division of a number of institutions with neither programs nor commitments comparable to those of the majority of the division's members. The Council considerations and studies have resulted in the criteria to be voted upon in January 1983.

Purpose

The intent of the recommended Division I criteria plan is to achieve a greater commonality of intercollegiate athletic purposes and programs within that division. The voting members of

See Division I, page 16

132 proposals face Convention delegates

Delegates to the 1983 NCAA Convention in San Diego will be facing the largest number of legislative proposals since 1979.

A total of 132 proposals will appear in the Official Notice of the Convention, which will be mailed from the national office November 22.

The proposals are distributed among 10 legislative topics, and the most important topics appear to be membership and classification, academic requirements, and governance.

The NCAA membership will consider the proposed legislation when the Convention assembles January 10-12 at the Town and Country Hotel in San Diego. Related meetings will begin

January 7.

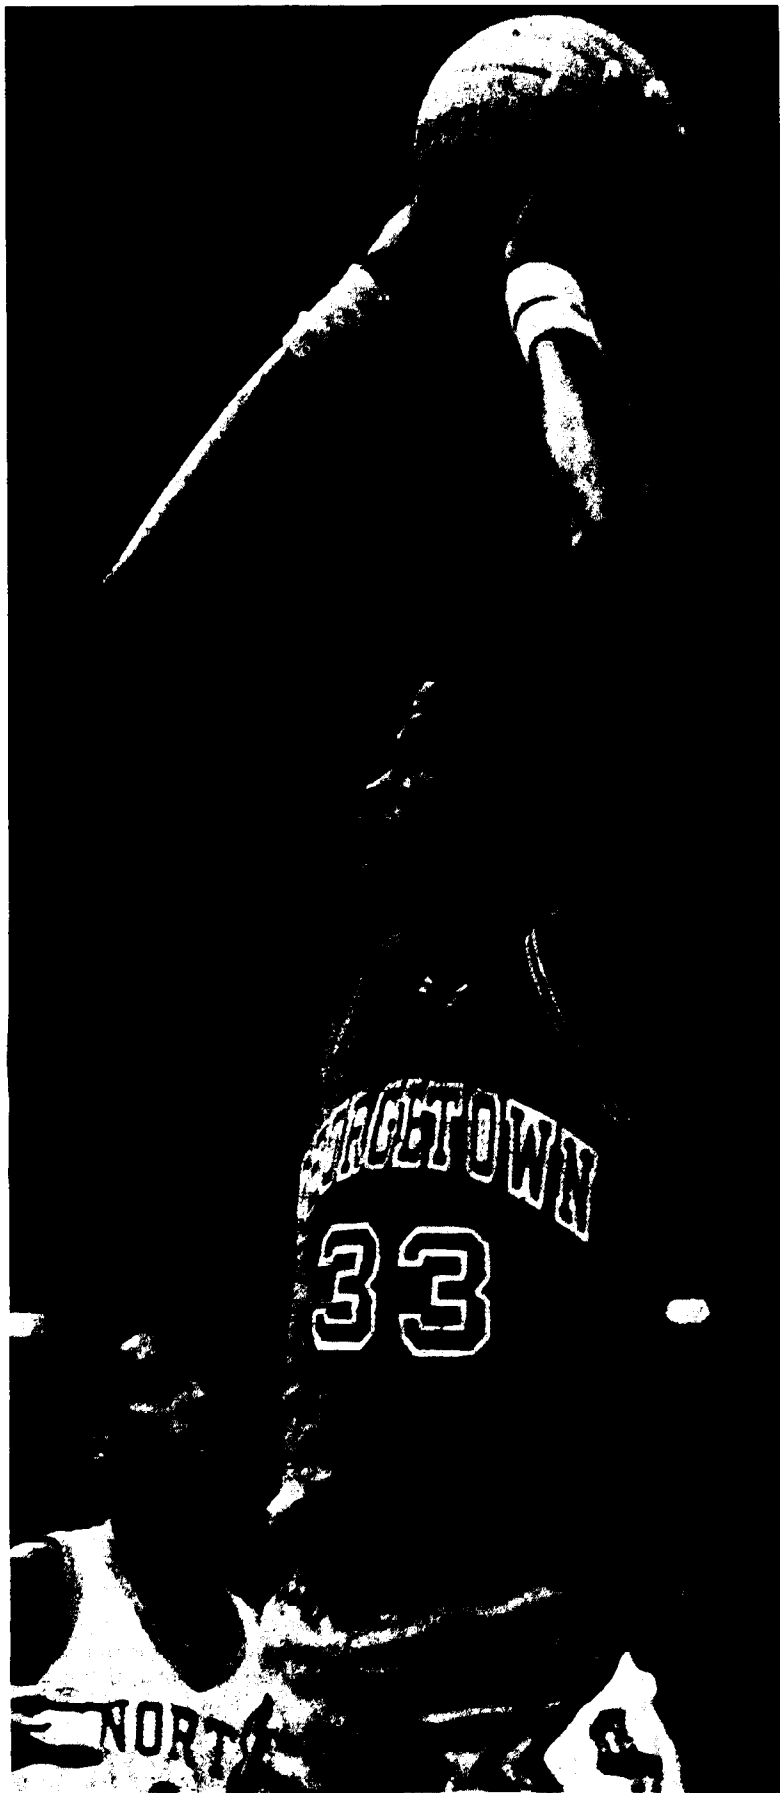

Chief executive officers of active and allied members will receive forms to be used in appointing voting delegates, alternates and visitors to the Convention. These forms will accompany the mailing of the Official Notice November 22.

The 132 proposals are the most since 1979, when Convention delegates also faced 132 proposals. After declining to 103 proposals in 1980, the number of proposals rose to 121 in 1981 and 122 at the 1982 Convention.

Excluding 19 proposals in the consent packages (15 routine amendments to the bylaws and other legislation and four to the constitution), the largest number of proposals for any topical grouping is 15 found in the governance section. There will be 14 proposals in the playing and practice seasons group, and 13 recruiting proposals will face Convention delegates.

Other groupings include championships (12), academic requirements (12), financial aid (12), general (nine), personnel limitations (nine), membership and classification (nine), and eligibility (eight).

A group-by-group review of the proposed legislation for the 1983 NCAA Convention will appear in all remaining issues of The NCAA News leading up to the Convention. The first report of proposed legislation will appear in the November 15 issue.

Men's basketball preview

(Photo by Malcolm Emmons)

Georgetown's Pat Ewing turned in 23 points and 11 rebounds in last year's NCAA Division I Men's Basketball Championship final. The sophomore center, shown here leaping high above North Carolina's Sam Perkins, will attempt to lead the Hoyas back to the Final Four. For a preview of the upcoming season, see pages 8-10.

Seeding format changed

In order to increase flexibility for seeding teams, the Division I-AA Football Committee has announced a change in procedure for the 1982 championship.

Under the old procedure, the Nos. 1- and 4-seeded teams were to be placed in the top half of the bracket for quarterfinal play, while the Nos. 2- and 3-seeded teams would be placed in the lower half of the bracket.

With the new format, the committee has the flexibility to place the Nos. 1- and 4-seeded teams and the Nos. 2- and 3-seeded teams in the half of the bracket that would keep the teams as near as possible to their natural regions.

According to Milton D. Hunter, South Carolina State College and chair of the committee, the reason for adopting the new procedure was twofold.

"In seeding the top four teams we have two concerns," Hunter said. "We want to reduce travel expenses whenever possible, and, at the same time, generate interest in the championship by keeping teams in their natural regions."

"Changing the pairings format gives the committee the flexibility of trying to keep teams in their own regions, which in turn will create more interest in the championship."

The NCAA Division I-AA Football Championship will have a field of 12 teams. Eight teams will play first-round games November 27 on the campuses of the competing teams. The top four teams, as seeded by the committee, will receive byes.

Two independent teams will receive berths, and the champions of seven allied conferences—Big Sky, Mid-Eastern Athletic, Ohio Valley, Southern, Southland, Southwestern Athletic and Yankee—will qualify automatically for the 1982 championship. The remaining three teams will be selected at large by the committee.

The country has been divided into four regions: West, Central, South and East, with the West and Central in the Western division and the South and East in the Eastern division. The championship finals will match the Eastern division and Western division winners.

Quarterfinals are December 4, semifinals December 11 and the championship December 18 in Wichita Falls, Texas.

CEOs to receive delegate forms

Forms that chief executive officers must use to appoint official delegates to the annual NCAA Convention will be mailed to the membership November 22.

The forms, which accompany the chief executive's copy of the Official Notice of the Convention, are not sent to faculty athletic representatives and directors of athletics because only chief executive officers are authorized to make delegate appointments.

Other delegate-appointment procedures:

- When no appointment form is received from the chief executive, no

other institutional representative is permitted to complete the form at the time of Convention registration. In such cases, the institution's representatives will be registered as visitors until written authorization is received from the chief executive officer.

- Once the form has been signed and submitted by the chief executive, no one may be added as a voting or alternate delegate without a letter or telegram from the chief executive.

- Once the voting and alternate delegates have been appointed properly, they may transfer voting rights among themselves as the institution desires.

No badges will be changed among voters and their alternates at the Convention.

- Allied conferences without voting privileges, associate members and affiliated members may appoint one delegate each. That delegate may speak on the Convention floor but will have no voting privileges.

- NCAA members and nonmembers are permitted to register as many visiting delegates as they wish. Visitors are considered observers and may neither address the Convention nor vote.

Kasser answers current athletics questions

By Hal Lundgren
Houston Chronicle

When John Kasser arrived on the University of Houston campus last year to serve as assistant athletic director under Cedric Dempsey, his wardrobe was void of red neckties.

Now five of them hang in the Californian's closet.

"I think they look nice," Kasser said.

The red-tie count keeps increasing. Dempsey departed in August to become athletic director at the University of Arizona. Kasser replaced him when officials decided that the most qualified man for Dempsey's job was in the next office.

The widespread distractions in college athletics—payments to athletes, academic compromise, rising costs and, before the NFL players' strike, increased competition from pro teams—are enough to keep any athletic director worried. Many specific problems pertain only to UH.

The Pepperdine graduate hopes he has the background to meet those challenges. His business grooming came in California, where he worked for Chevrolet. His athletic training came on the basketball court. At 6-feet-6, he was one of the leading rebounders in Pepperdine history.

Kasser's manner has about as much in common with Dempsey's as enchiladas do with custard. Dempsey was reserved. People who didn't know the man well called him too formal, even stuffy. Kasser has a lighter stroke.

But the two men shared a good working relationship, not to mention the problems that keep ADs awake at night.

Q. I've been in eight of the nine SWC football dressing rooms, including Houston's, the past two years. It's a little disappointing to find a few players on each team who can't conjugate simple verbs when they speak. How do you feel about it?

A. I don't think you can relate that to intelligence. You have to consider accents and speech patterns. Where the person came from can be as much a factor in a player's speech as how smart he is. Even a highly intelligent person can be nervous and tongue-tied when he confronts cameras, microphones and notebooks. Media exposure puts a lot of heat on an 18- or 19-year-old. I don't think a Saturday Night Live portrayal of a dumb football player is fair.

I don't mean to gloss over what you've asked. We are interested in offering help with more than just classroom instruction. We feel it's part of a well-rounded program. We offer mandatory study halls, not just a time where athletes come in and open a book. We have them on a daily schedule. We refer them for counseling if it's necessary.

We try to impress on all our athletes that only about one in 100 will make it to pro football and basketball. We want them to know that we're trying to prepare them for other careers.

Q. Is the program working? A survey this summer showed that, even at Rice and SMU, which talk about their higher academic standards, a small percentage of SWC football seniors graduated last spring.

A. That's what I would call an inflammatory statistic. I can't compare our program with the others, but graduating in four years isn't that common here. We're an urban university. Thirty-seven percent of our students work 40 hours a week. The average student's age is 27.

I'm not saying we're doing an excellent job. But the NCAA requirement is that the student-athlete make normal progress toward a degree. We do a good job in monitoring that area.

Q. Getting back to your comments on an athlete using the language. Aren't you jolted when a player who has no regional accent and isn't nervous still speaks poorly?

A. I'm not jolted, but I think there is a problem. It's not just a Southwest Conference problem. It's not just an athletic problem.

It's a national problem. It's a concern of our entire educational system. Schools have gotten away from teaching basics, and educators are alarmed by some of the test results.

We're hearing more about students having to pass proficiency tests before they can graduate from high school. We're hearing more about high school students being required to write more. But I don't think it's fair to say that the problem is only among the athletes. They're the most visible students on campus. If other students were interviewed, they might not speak as well as the athlete.

Q. There's so much talk about academic emphasis in athletic programs. Then something like [a case] comes up, and we learn that athletes were credited for classes they didn't attend. Is there a chance we'll soon see a time when college football and basketball players will be treated differently from the rest of their classmates and openly earn money for playing?

A. I don't see it happening right away. Until something changes, we have a responsibility on the academic side. But there is a high-priority item on the agenda for the NCAA Convention in San Diego. I think there might be some legislation proposed to

Columnary Craft

give the student-athlete a reasonable amount of expense money. It would be a stipend to meet some of his costs (above the present permissible grant).

That would make some sense to me. The student-athlete can't work during the school year. He can only hold a job in the summer. That makes it tough on all but the wealthiest families. The typical college athlete doesn't get as much of a stipend as the other scholarships on our campus. Expense money is included in academic scholarships. They run about \$500 more than our athletic scholarships.

Q. The court ruling that ordered the NCAA not to regulate football telecasts has been stayed. If the ruling stands, will you find yourself in the position of doing what you're opposed to—arranging for Houston football telecasts?

A. That's right. I think the ruling is unhealthy for college football. Television already dictates enough of what we're doing in football. But if the ruling stands and we have a free-lance system, things will be worse. The rich will get richer.

We're not in a bad position. We're in the upper half of college football. But the sport isn't for the top 20 or 30 teams, it's for all the schools. If the ruling stands, we'd see Notre Dame on TV every week. We could only schedule certain teams or we'd never be on TV. I think that's the wrong direction to go. I believe there's such a thing as antitrust, but I also believe there's such a thing as opportunity.

Q. What outcome do you expect from the case?

A. We've learned something since this issue came up. When colleges tried to make television deals on their own, they learned there weren't as many dollars available as there were thought to be. Sponsors aren't willing to spend the same kind of money they paid for a nationally televised game if the game the college has arranged offers limited television exposure.

A. You're talking as though the ruling will be upheld in the courts.

Q. I'm not sure it will. If the ruling is upheld, it will be a backward step. If it isn't upheld, I think we will see a loosening up by the NCAA so that games not scheduled for television might be telecast if they're sold out. The Texas-Oklahoma game, which was not televised, was an example of a game that could have been on TV.

Hedges says philosophical differences an AIAW problem

Barbara Hedges, assistant director of athletics
University of Southern California

Los Angeles Times

"One of the major problems that I saw in AIAW was that there was a philosophical difference. Many of the larger institutions wanted rules changes (i.e., the athlete-transfer rules) and these were things we simply could not get passed legislatively. After five years, we became extremely frustrated.

"Many people, such as myself, felt very shut off from the leadership of the AIAW. I thought there was an anti-large-school mentality within the AIAW, even though the larger schools like this one, UCLA, Stanford and Arizona State really brought the visibility to the organization because of our programs."

Bill Grimes, president
Entertainment and Sports Programming Network

Arizona Republic

"We cannot compete with the networks because they're in 80 million homes and we're in 20 (million). We're trying to get the best we can without spending ourselves out of business."

Editorial

National High School Athletic Coaches Association

"The fall sports season poses a monumental challenge to high school athletics because of the ever-increasing flow of college and pro sports telecasts on week nights. The emergence of TV—free-home TV, cable TV, closed-circuit TV, super stations, VTRs—and its far-reaching impact on the American viewing public has created a monster on the sports and entertainment scene. TV and its megabuck revenues are reshaping the face of intercollegiate and pro sports.

David Kissinger, counselor
Ankeny (Iowa) High School

Des Moines Register

"We have found here that there is a high correlation between academic and athletic success. Kids want to be successful in all ventures of life, whether it be on the football field or in the classroom. The people involved in athletics have very little free time on their hands and what they do have, they seem to budget properly.

"Kids who are involved in activities are happy kids, productive kids who have something to look forward to other than their eve-

A. When would Houston go out and try to put some TV contracts together?

A. Not right away. I think we'll see things happen slowly. If the ruling is upheld, we certainly would want to talk to television people about selling some of our games. But we don't want it to come to that. I can see this ruling being fought all the way to the Supreme Court. If nothing else succeeds short of the Supreme Court, I hope that's what happens.

If the ruling stands and there are five games on a Saturday afternoon, we'll see a dilution of the product and of advertising dollars. The way television fights over its shows now, I don't think five games on the same afternoon is desirable.

Q. From a business standpoint, haven't you enjoyed the NFL strike because it has given college football extra media exposure?

A. I don't like to see any kind of strike. I like to see problems worked out. But the strike definitely has helped us. There has been more media coverage, more visibility. The NFL still is covered. But after several weeks, the strike coverage has become old hat.

Q. It might be because Houston's three college teams started the season so poorly, but the paying fan here doesn't seem to be flocking to college games despite the absence of Oiler football.

A. I think we would have seen a shift in attendance if the fan had known the strike would last so long. He hasn't been willing to make the shift because the strike has continued on a week-to-week basis. If the pros don't come back, I think we'll see it reflected most in bowl-game attendance this winter.

Q. When the pros play, they have so much more continuity in their product. The Oilers have an Elvin Bethea in their lineup for 15 years. Tommy Kramer has one terrific year at Rice, but he's a senior and they can't sell tickets around him the next season. How do you market a college program when the public is more familiar with pro players?

A. I think Bill Yeoman's program sells itself, with all those winning seasons and the bowl games.

Q. But the public insists on a star system?

A. That's true.

Q. So how do you market the football team?

A. One of our big problems is that so many college fans in the Houston area went to Texas or Texas A&M. Most of them won't come to our games unless we're playing their schools. Right now, we're trying to reach the tremendous number of newcomers moving to Houston.

They might have gone to school at Michigan or Notre Dame, but we would like them to come to our games now that they're in Houston. We tell them in the thousands of mailers that the Cougars are Houston's winningest team. As the ticket deadline neared, we told them that it was fourth down and two weeks to go. We sent out about 110,000 inserts in sports magazines this year. We have about 16,000 football season-ticket holders, and about 1,500 of them have come from contacting the new people.

You'd be amazed at the response. People don't know how successful the team has been; they don't know we play in the Astro-dome; they don't know we're a member of the Southwest Conference.

Many of those new people come to our school as students. A large company like Exxon might be paying for graduate studies. We want those people to support us. We have only 12,000 undergraduate students (in a student body of more than 30,000).

Q. It appears as though there's still a marketing conflict. Most college football coaches, and Bill Yeoman is certainly among them, don't like to see too much attention given their players until they're seniors. How do you get around that problem?

A. I don't consider it a problem. We're selling the entire program, not a player or two.

ryday studies. They learn the value of sacrifice with the sport in which they are involved and they carry this over to their academic work.

"They have learned on the field that if they give a little extra in practice, it sometimes pays a good reward. They also have

Opinions Out Loud

learned that if they study for 15 minutes longer than they normally do, that it pays off in the classroom."

John Reeves, director of athletics
University of Rochester

The Associated Press

"I'm not criticizing big-time athletics. They have a valid and significant place in higher education. It's right for some places, but it's not right for others like the University of Rochester.

"Where we get into trouble is when we pretend that athletics at those schools is an avocation and that the education is serious business.

"If we call a spade a spade and say nothing's wrong with that and devise a curriculum for those who want to be professional athletes, like we do doctors and lawyers, it would quiet my objection to borderline illiterates getting college degrees or athletes investing four years and not getting a college degree at all. It would be a valid and sound way to prepare those people for what they want to be."

C-average proposal debated

A proposal requiring at least a C average of pupils who participate in extra-curricular activities like sports has drawn mixed reviews from city school officials in Los Angeles, including a suggestion to expand it statewide.

"I strongly support it in principle," school board president Tom Bartman said of board member Rita Walters' proposal, which will be considered at the November meeting of the board.

However, board member Roberta Weintraub said she was "deeply troubled, because an awful lot of kids just wouldn't show up for school except for sports. I think it's a very hot issue and something that affects an awful lot of people."

"All of us want to see a youngster have a C or better, but we don't want a young adult to drop out just because he got a D in algebra," said board member Richard Ferraro.

Jimmie Jinkawa, athletic director of Carson High School, said the plan "has its merits, but what's going to happen to our athletes?"

He warned that it might place Los Angeles schools at a disadvantage against other teams in the state.

"I think if something like this passes, we'd see a lot more kids on the street," Jinkawa said. "I think personally it's not a bad idea, but it's really unfair if it's just Los Angeles. It should be done uniformly throughout the state," he told the Associated Press.

The California Interscholastic Federation, which governs elementary and secondary public school sports in the state, requires passing at least 20 semester units in the preceding term for an athlete to be eligible. Current Los Angeles school guidelines, virtually identical to the state's, mean an athlete could be eligible for sports with four D's and two F's in a semester.

Walters offered her proposal to counter "the myth that so many young people have that they will become a millionaire when they become a pro-sports person," an aide said.

Bartman, supporting her, disputed the "argument that some children stay in school just to play football or play in the band."

A similar proposal went into effect in San Francisco two years ago, except that it applies only to grades 7-12, the junior high and high school years, and only to sports.

"We think it's paying off," San Francisco Associate Superintendent Fred Leonard said. "We think that the kids have adjusted to thinking in terms of a C average."

But Lee Joseph, assistant head of Los Angeles' Interscholastic Athletics Department, had mixed feelings, although he estimated that most athletes currently maintain a C average or better anyway.

"There are kids who barely hang on," Joseph said. "If I'm going to lose athletes, I'm concerned. If it's going to cause the young man to clean up his act, I'm for it."

Computer knowledge required

Beginning with the current freshman class, all new students at Hamline University, St. Paul, Minnesota, must demonstrate a basic understanding of the history, role and use of computers before they graduate.

"In order to become an effective participant in society," said Kenneth Janzen, dean of the college of liberal arts, "one needs not only to know information, but also to know how it is gathered, manipulated and disseminated. We would be doing our students a disservice to say they are liberally educated if we don't provide the means to become computer literate."

The requirement of "computer literacy" is believed to be a first among U.S. colleges and universities, Hamline officials said.

Physics professor Tom Poppendieck, director of academic computing, said that computer literacy is the modern replacement for Greek and Latin in higher education.

"In modern education, you will need to know computers for access to the culture. These little creatures are a mind tool. The computer will have as much impact on civilization as machines did in the Industrial Revolution," Poppendieck said.

A basic understanding of computers will help prepare students for the job market, university officials believe. The National Association of Manufacturers estimates that by 1990 about 60 percent of all jobs will require some degree of computer literacy.

Professional note takers allowed

Several major universities have begun to allow students to hire professional note takers to attend classes for them.

Most services provide typed notes that are distributed within 60 hours, or even faster before examinations.

The Black Lightning Lecture Note Service at the University of California, Berkeley, earned \$180,000 last year by charging students about \$10 for an entire course.

Some note takers can earn as much as \$250 a week. They usually are seniors or graduate students.

The service has prompted some professors to ban note takers from their classes, while other faculty members allow it, saying that it frees the student to concentrate on the lectures.

Degree to be evaluated

The worth of the baccalaureate degree will be evaluated in a three-year study recently inaugurated by the Association of American Colleges.

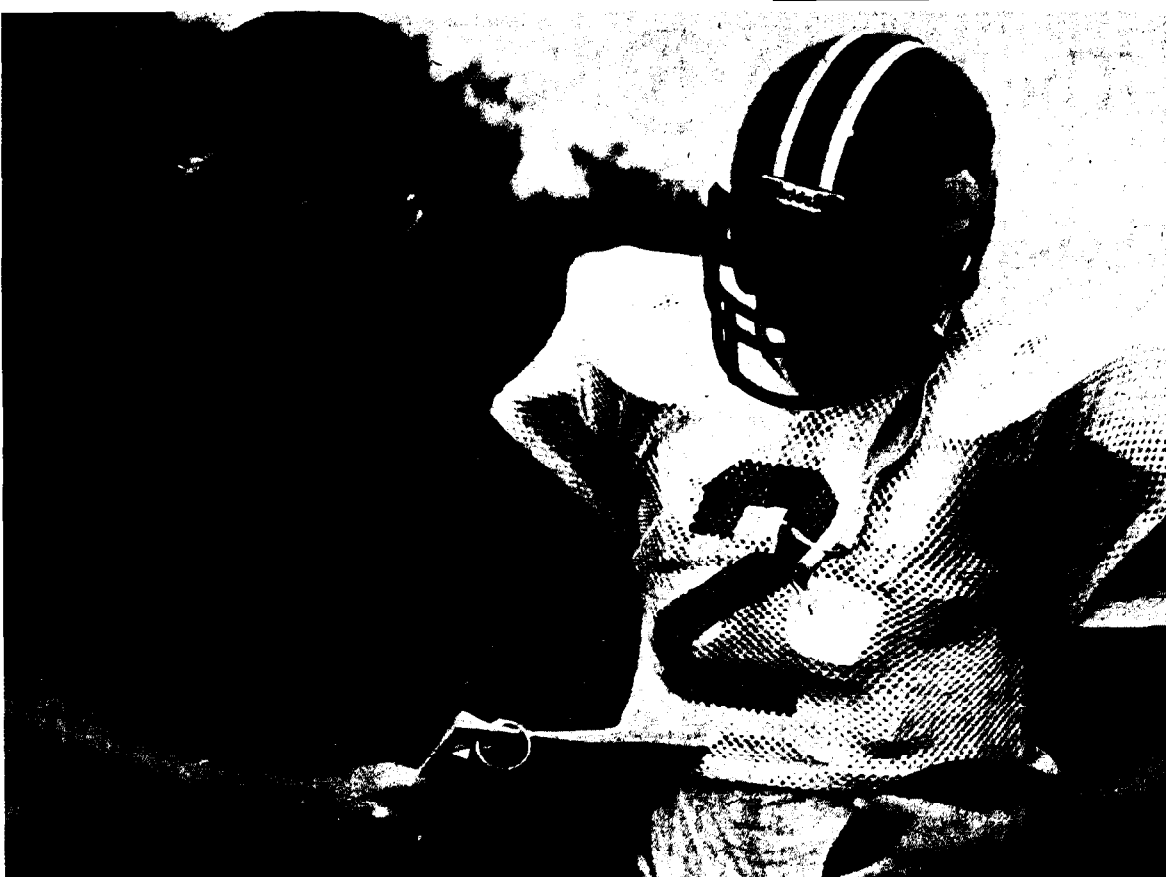

Some educators have become concerned that the quality of the undergraduate degree may have declined. They claim that the question of what constitutes a good liberal education must be more sharply defined.

"You don't know what a baccalaureate degree means anymore," said William R. O'Connell Jr., vice-president of the association.

The project involves 11 colleges and universities representing two- and four-year institutions of varying size.

The evaluation will focus on the purpose and structure of undergraduate programs, identify knowledge and skills students should possess after completing the programs, and develop criteria for assessing the quality of such programs.

Officials of the association say they hope the project will establish guidelines that acknowledge differences among institutions but still help standardize degree programs.

Muskingum head coach Jeff Heacock and quarterback Rick Psonak

Quarterback outranks coach—in age

By Jim Krummel

Cambridge (Ohio) Daily Jeffersonian

Jim Van Valkenburg has been working for the NCAA as its director of statistics for 14 years, and prior to that held a job for a national wire service covering college football.

He remembers a 43-year-old man kicking for a college football team in New Jersey and several men playing the sport on the collegiate level in their 30's. Never has he heard of a player older than a coach.

The man who changed all that is Rick Psonak, a reserve quarterback for Muskingum College.

Psonak is playing for Jeff Heacock, who is in his second year as coach at Muskingum in New Concord, Ohio.

Psonak will turn 29 on December 23. Heacock, almost six months younger, will not be 29 until July 14.

"It is a unique situation, but Rick makes it easy," said Heacock. "He really works hard and has a sincere interest in the program."

Psonak echoes similar sentiments.

Both men find themselves in unique positions because of the age factor. Heacock, one of the youngest college coaches in the nation, also has two assistants 10 years his senior. One of them, Al Christopher, was the man Heacock replaced as head coach at Muskingum.

"I feel blessed to have experience like that on the staff," said Heacock.

"They are both very professional and work hard on things that need to be done. It gives us good balance. Al works with the younger members of the staff on offense, and Joe Paul works on defense."

Psonak finds himself a novelty in the dormitory where he lives, being called "Pops" and "Dads" by the younger residents. They often stop by his room, questioning him about life and wanting to know bigger and better ways to do things.

"I've never thought about being the older person, because when I was younger, I always ran with an older crowd," Psonak said. "I'm beginning to tell my age now. When we talk sports, I talk about Joe Namath and Johnny Unitas. These guys don't think of Namath and Unitas as football players but, instead, as actors and people making commercials."

Psonak can be classified as your basic daredevil, a real-life Buck Rogers. He has a knack for taking part in anything out of the ordinary.

While serving in the U.S. Army, he enlisted for jungle training and was sent to Panama. Later, he applied for Arctic training and served in Alaska. He started his Army career as a paratrooper.

"Our sergeant told us the first week

of jumping school that they would separate the men from the boys. The third week when we jumped, they would separate the men from the idiots," Psonak recalls with a laugh.

A motorcycle accident while stationed at Fort Bragg, North Carolina, put Psonak out of the Army. He slammed his motorcycle into the side of a car while returning to the base and broke his tibia, almost ripped off a finger on what is now his throwing hand and required 200 stitches in his arm. That accident left him bowlegged, and to this day, he only has 85 percent motion in his leg.

"When I saw that car pull out in front of me, I thought it was the culmination of my days," Psonak said.

It left him in the hospital for seven months, and doctors feared he never would be able to walk again. Psonak would not hear of it. He fought back, and this past summer began competing in 10-kilometer (6.2-mile) races. "It took me three years to learn how to run again, but I just decided to go for it," he said.

His next gimmick was playing college football. After attending Methodist College in Fayetteville, North Carolina, for two years, he transferred to

Muskingum. He picked the liberal-arts school, located in the foothills of the Appalachian Mountains, because his mother, June Nicholas, lived in nearby Byesville.

He has played in all of Muskingum's games as the backup quarterback, even though he was hampered early in the season with bursitis, shoulder spurs and two cracked ribs.

"Playing college football is something I've always wanted to do," said Psonak. He does admit to being a little discouraged. "Looking back at my high school days in Chester (Pennsylvania), I thought I was a pretty good athlete. Now I can't do those things. I don't think it is my age that has hurt me as much as the bike injury. I'm not as quick in responding to things. The mind wants to go, but the body doesn't follow."

It has been an enjoyable experience.

"Division III football is not held in the same light in the public eye as major college football, but I appreciate the fact these guys want to win just as much as Ohio State. The desire is there."

He also appreciates one other fact.

"These kids hit a lot harder than I remember," he said.

Ithaca produces, markets tapes of football games

Ithaca College is producing full-scale television broadcasts of its home football games for four cable-television systems in central New York.

"So far as we know," says Mike Withiam, Ithaca's director of sports information, "we're the only college in the state and one of the few in the country that is producing its own coverage of football games and then marketing them outside the immediate area."

This arrangement has put Ithaca football into 160,000 homes this fall.

The college has been broadcasting its games on a local cable system since the early 1970s, but only this summer did Withiam approach other cable stations with the offer of high-quality videotapes of college football.

"Ithaca College is providing us with network-quality coverage of its games," Dave Whalen, director of programming for Binghamton New Channels, said. "The entire production is done very professionally. The camera work, the switching and the number of cameras being used all make it an excellent production."

The videotaping, as well as the announcing, of the games is done by students from the college's school of

communications.

"Being assigned to cover the football games is a real plum for the students," according to Paul Smith, the college's director of TV operations. "As a result, we get the best students working on this project and turn out first-rate coverage."

On the Saturday night of a home game, the videotape is broadcast on the local-cable station. While it is being broadcast, four duplicates are being made by the technical staff of the communications school. On Sunday, a promotional spot is "dropped in" the half-time slot, and, by Monday, the tapes are sent by bus or courier to cable systems in Rochester, Syracuse, Binghamton and Elmira.

The games are then rebroadcast in each of those markets early in the week, in all cases during prime time.

Ithaca's school of communications also produces a weekly half-hour coaches' commentary, "Gridiron Report," which is being carried by three of the cable systems airing the game and by one company that does not use the full-game coverage. Furthermore, the students produce highlights of the games for use in commercial television sports coverage.

Football Notes

Passing yards, total offense at all-time highs

A Record Offensive Saturday

National passing yardage in Division I-A averaged an amazing 393.9 yards per game (both teams combined) for 51 games last Saturday—an all-time high. That wiped out the previous high of 370.0 on September 25 (with three Saturdays since in the high 360s). At the same time, total offense last Saturday averaged an all-time-high 732.0 yards per game and scoring hit 46.2—below the season-high of 46.6 a week earlier.

This record offensive Saturday pushed the season figures to 365.1 passing, 700.8 total offense and 43.6 scoring—all well above the all-time season highs for Division I-A. And for the first time in college football history, season passing yardage will exceed season rushing yardage.

Last season, passing yardage hit a record-high 329.4, shattering the old mark of 315.4 in 1968; and total offense also set a record at 668.2. The 1981 figures improve, however, when you remove the 40 teams that moved to I-AA. The 97 teams now in I-A averaged 336.8 passing and 673.9 total offense last season.

The record high for scoring, now in jeopardy, is 43.2 points per game in 1969.

In Division I-AA last Saturday, 50 games produced averages of 696.6 total offense, 348.5 rushing, 348.1 passing and 47.6 points. All four figures are season highs. The I-AA figures November 21, 1981, were 355.5 passing and 47.8 scoring, but that was for just 21 games, when the division had just 50 members.

This record Saturday pushed I-AA season figures to 330.3 passing, 642.8 total offense and 40.7 scoring. The same 92 teams last season averaged 318.7 passing, 642.0 total offense and 40.8 scoring.

Elway, Walker Career Figures

Stanford's John Elway has reached 8,411 yards in career total offense and 8,667 in career passing yards. With two games left, he is now third on each list. He seems likely to reach second in both, moving past Mark Herrmann (Purdue 1980, 8,444 total offense and 9,188 passing) but falling short of all-time leader Jim McMahon (Brigham Young 1981, 9,723 total offense and 9,536 passing).

Georgia's Herschel Walker needs only 80 yards against Auburn Saturday to become the first junior to reach 5,000 yards in career rushing. His 4,920 career yards in 31 games is 158.7 yards per game. At that pace, he will reach 6,983 (13 games left including the 1983 season)—far above the record 6,082 by Tony Dorsett (Pittsburgh 1976). Walker also has 290 career points and will reach 412 at that pace—far above Dorsett's record 356. Walker now ranks fifth on the all-time rushing list, just 38 yards behind South Carolina's George Rogers, the 1980 Heisman Trophy winner, and 257 behind Ohio State's Archie Griffin, Heisman winner in 1974 and 1975.

Projecting Harmon, Grange

It's been said that you cannot compare college football players of one era to those from another era, particularly with individual statistics, and this is more true than you probably realize. One of those who has said it is Tom Harmon, Michigan's old No. 98, the 1940 Heisman Trophy winner; so we are certain he will not mind being used as the first example. Put aside for the moment the fact that the players of this era played both offense and defense; simply concentrate on the numbers.

Harmon's team played eight games a season and freshmen were not eligible, so Harmon's career was 24 games. Now a career is 44 games. But there's more. College games in his era averaged 110 plays. For the last 15 years, games have averaged at least 140 plays. An extra 30 plays means games are, in effect, 27 percent longer now than in 1940. A career for Har-

Florida quarterback Wayne Peace has 144.0 points in passing efficiency, good for third place among Division I-A leaders.

mon was 24 games totaling 2,640 plays, both teams combined. Now a career is 44 games totaling 6,160 plays. So to project his career figures on modern terms, you multiply his figures by 2.33. Is that perfectly clear?

552 Points For Old 98

Harmon's 237 career points thus projects to 552 points in the current era. The I-A record is 356 points by Tony Dorsett for Pittsburgh in 1973-1976. Harmon also threw 16 touchdown passes, so he scored or passed for 333 points, which projects to 766 points in the current era. The record is 562 scored and passed for by Jim McMahon, Brigham Young 1981. (Harmon kicked 33 extra points and two field goals.)

In Harmon's day, single-wing tailbacks ran, passed, kicked, received and returned punts and kickoffs. His career rushing total of 2,110 yards, believe it or not, was a record for that era of NCAA official record-keeping, which started in 1937. Harmon averaged 30.5 yards on kick-off returns, 11.1 on punt returns and 19.7 per interception.

9,828 Yards For Old 77

Now let's look at another Hall of Fame back, Red Grange, Illinois 1923-1925. His entire career consisted of 20 games (also 110 plays per game in his day, so multiply by 2.8 to project his figures to today). Grange averaged 18.1 yards per reception, 10.1 per punt return, 30.2 per kick-off return and 22.5 per interception return. His 3,510 yards in all-purpose running projects to an incredible 9,828 yards in the current era. The I-A record is 6,885 by Darin Nelson, Stanford 1981. Grange also was 40-for-82 passing for 575 yards and three touchdowns and scored 186 points (which projects to 521).

Aw, come on now, you say 552 points for Harmon and 9,828 yards for Grange? You say they could never keep up that pace for 44 games, playing both offense and defense? Probably not. But could today's players compile similar 44-game figures playing offense and defense? Probably not. The point is, statistics simply measure how far and say nothing about the opposition, teammates, playing rules, game conditions and other factors. Statistics will never prove who is best.

Whizzer White's 1937 Season

So far, we have been projecting career figures. On a season basis, Byron "Whizzer" White of Colorado (now a U.S. Supreme Court justice), certainly enjoyed a remarkable year in 1937. He was the national champion in rushing, scoring, total offense and all-purpose running. His 246.3 per-game average in all-purpose running remains the national I-A record to this day. His all-purpose total projects to 3,447 yards today, compared to the I-A record 2,559 set by Southern California's Marcus Allen last season. His

Mike Hohensee, Minnesota quarterback, ranks among the top 10 in Division I-A total offense with 243.4 yards per game.

122 points scored projects to 213, compared to the record of 174 by Lydell Mitchell of Penn State in 1971. White's rushing total of 1,121 projects to 1,962, which would be second in I-A history to the record 2,342 by Marcus Allen in 1981.

White also was 21-for-43 passing for 475 yards in eight games and had a 42.5-yard punting average (the national champion averaged 42.9—and in those days 20 yards was deducted if the punt went into the end zone). Oh, yes, Colorado was 8-0. And did White win the Heisman? No, he was second to Yale's Clint Frank.

Today's college players are more talented, better conditioned and play a more sophisticated game. "But I think we had more fun." — Glenn Dobbs, all-America tailback at Tulsa in 1942.

A Question For Mr. Goldberg

Third in the 1937 Heisman voting was Pittsburgh's Marshall Goldberg. John Reed Brown, a starting tight end at Pittsburgh and an English writing major, finds it amazing (in one of a series of stories he has written for Pitt football game programs) that Goldberg's face is unmarked by playing without a face mask: "I picture an old photograph of a football player and on his head rests one of those leather things they called helmets. The problem I have in this illusion is the lack of a face mask. Do you mean to tell me that those guys actually drove their heads into the churning legs of a fullback, who was himself running full speed upfield? What happened to their faces? They're probably still wondering. I've seen Marshall Goldberg, and he looks fine. His face is unmarked. One question for Mr. Goldberg—how did you do it? You really must have been a great one." (Joyce Aschenbrenner, Pittsburgh SID)

"We Had More Fun"

Glenn Dobbs, all-America tailback at Tulsa in 1942, agrees that today's college football players are more talented, better conditioned and play a more sophisticated game. "But I think we had more fun," said Dobbs, in Tulsa for induction into the university's athletic hall of fame. "When I played, we would board the train on Thursday night for the faraway road games and have a lot of fun," Dobbs told Bill Connors of the Tulsa World. "We would see part of the country, go sightseeing and visit the campus. I remember after our games at Texas Christian and Detroit and a few other places we even stayed and went to the dance with the other team." His era was safer, too. He said he had only one sprained ankle in his career and did not suffer a disabling knee injury until he was 35 and nearing the end of his pro career: "I caught a lot of elbows, and

Pete Mandley of Northern Arizona ranks among the leaders in kickoff returns and punt returns in Division I-AA.

my nose was broken four or five times, but nothing serious."

Dobbs also remembers returning from bowl games and playing varsity basketball two nights later, acting in school plays, never missing a meeting of the student council and graduating in seven semesters. And he had enough time left as a senior to complete 62.6 percent of his passes (highest in the nation), average 7.97 yards per rushing-passing play (then a national record), average 48.3 punting and intercept four passes in a 10-0 season. "There was plenty of time for studies and campus activities," Dobbs

Tennessee's versatile Willie Gault is among the Division I-A leaders in three categories—all-purpose running, receiving and kickoff returns.

to come from nowhere amidst the muffled groans of calisthenics, wrote Mike Madigan of the Rocky Mountain News. No one can forget the time in 1981, during one of former coach Chuck Fairbanks' extended evening practices, when Ray casually informed the stony-faced head coach that because of the change from daylight to standard time, practice had run an hour too long.

"We grew up in a family of seven kids," Marty explains. "We were just raised to be bold. My mother (Evelyn) is bold. My father (Ray Sr.) is bold." Ray adds that things just come about spontaneously during serious times. "You just have to do it sometimes," says Marty, picking up the line of reasoning. "You just try to help people get by. And, hey, it's a free service." (John Claggett, Colorado SID)

Quotes Of The Week

North Dakota State coach Don Morton, after his ninth straight victory to clinch the North Central Conference football championship, was approached by wrestling coach Bucky Maughan, who jokingly told him: "Well, I suppose now you'll become like (Ron) Erhardt (former NDSU coach who won two national crowns in the 1960s) and think you can walk on water." In relating the story to the weekly booster club meeting, Morton said: "A few minutes later I went to the swimming pool and darned if I didn't ruin a good sport coat." (George Ellis, North Dakota State SID)

Iowa State coach Donnie Duncan, after Cyclone tailback Tommy Davis slipped while leaving the shower and hurt his foot: "We'll just have to keep him from bathing." (Bill Hancock, Big Eight Conference SID)

Wisconsin free safety Matt Vanden Boom, an all-America choice last season, is a fifth-year senior who approves of redshirting. "I came here with no promises and took my licks with the scout team," he told Phil Hersh of the Chicago Sun-Times. "That's life as a walk-on. It wasn't very glamorous. The redshirt experience was great for me. If I had come in as a big scholarship kid, there would have been certain pressures, and I don't know if I was ready to handle them." (Jim Mott, Wisconsin SID)

Attendance shows increase

Divisions I-A and I-AA both enjoyed big attendance gains last Saturday. Division I-A is now up 1,404 per game, or 3.3 percent, over the same stage last season, while Division I-AA finally moved ahead of its 1981 pace, up 28 per game. Both divisions are ahead of last year's pace in percentage of capacity. Total attendance for the two divisions combined reached 24,927,939. That is 703,639 more than the same 189 teams totaled a year ago at this time. Here is the attendance chart to date:

	Games	Attendance	Per-Game	Percent Capacity
Division I-A season figures to date	458	20,208,122	44,123	80.8
Same 97 teams at this stage in 1981	456	19,479,970	42,719	80.6
Division I-AA season figures to date	398	4,719,817	11,859	57.1
Same 92 teams at this stage in 1981	401	4,744,330	11,831	56.4

Men's Basketball Preview

North Carolina, Georgetown head Division I

By Bob Hammel

Bloomington (Indiana) Herald-Telephone

When last seen, college basketball was enjoying a spectacular hour. On March 29 at New Orleans, North Carolina and Georgetown matched all-America players and all-America play in a game either could have won, and North Carolina delivered unto Dean Smith his first national championship.

The game itself was celebrated roundly, a highlight in the sport's steady evolution from peach-basket days in the 1890s through the introduction of national tournament play in the 1930s to, in the 1980s, a grip on the captivated public unlike anything else in sports cohabited by collegians and pros.

The game comes back next month. It has changed a lot in the off-season.

Rules variations approved by major conferences call for 11 different games to be played this year and called college basketball.

Most of the variances involve one of two things generally identified with professional basketball: a three-point shot or a shot clock.

These are the alterations being tried on the sport—perhaps not all of them but representative of the variety:

- Big Ten, Southern, Southwest and Missouri Valley Conferences — three-point shot.

- Atlantic Coast Conference — three-point shot; 30-second shot clock until the last four minutes.

- Pacific Coast Athletic Association — three-point shot; 30-second shot clock, starting when the midline is crossed; no shot clock the last four minutes.

- Atlantic 10 Conference — three-point shot; 40-second shot clock until the last four minutes.

- Sun Belt Conference — three-point shot; 45-second shot clock until the last four minutes.

- Big East Conference—45-second shot clock until the last five minutes.

- Southeastern Conference—45-second shot clock the entire game.

- Ohio Valley Conference—30-second shot clock only in the last four minutes.

- Pacific-10 Conference—No shot clock, no three-second shot and no opening tip. Games will start football-style, with a coin toss for the first possession.

- Metro Conference—No shot clock, no three-second shot, but six fouls before disqualification, not five.

Late last season, Edward S. Steitz, secretary-rules editor of the NCAA Basketball Rules Committee, conducted a poll of coaches to determine if a spate of slowdown games—including a widely criticized stretch of stalling in a nationally televised game between the Nos. 1- and 2-ranked teams in the land, Virginia and North Carolina—had convinced coaches the game needed a 24-second clock.

The vote was 391 to 1 against the clock.

Even a 45-second clock was rejected in the Steitz poll, 275-119—almost a 70-30 percentage breakdown.

Steitz also had data showing that, without a shot clock: "In 30 seconds, the ball changed hands 99.3 percent of the time; within 24 seconds, 97.6 percent of the time; within 20 seconds, 97.3 percent of the time."

"You look at that data," he said, "and people who don't want a clock say, 'who needs a clock?'"

Yet coaches were in the forefront of the movements within the various leagues that produced the approved

variances.

Coaches, too, decided some brakes should be applied. In July, the National Association of Basketball Coaches' board of directors asked for another study of the approved variances to try for standardization.

"We're definitely concerned with all the experimentation on the rules," said Tex Winter, head coach at Long Beach State and president of the NABC.

"We think we have a great game now. We don't want to look like fools."

The conference plans represent a national laboratory, Steitz said. A stipulation in granting the variances called for data to be kept on all games played under the rules to see how things like strategy, shot selection and general flow of the games will be affected.

The data will go to the committee for consideration after the 1983 NCAA tournament—which, it should be noted, will be played without any of the tailoring. That's a factor an independent coach, Digger Phelps of Notre Dame, noted in saying that he will decline any invitations to play by any of the altered rules. "Those rules won't be used in the NCAA tournament," Phelps said. "Why should we practice them?"

Meanwhile, the game will go on, probably quite popularly, with the two teams that were so visible in the championship game last March at the New Orleans Superdome inevitably out front in consideration of the new season.

Each has firepower back. Each has formidable opposition within its own league.

North Carolina lost starting guard Jimmy Black to graduation and all-

America James Worthy, named the outstanding player in the Final Four, to the pros one year prematurely.

The physical losses, primarily in finding someone to ignite offenses a la Black and to consummate them a la Worthy, are more of a concern than the mental problem of coming back after a championship, Smith said.

"We usually can handle the mental side," he said.

Jimmy Braddock, a 6-2 senior, was the man who started practice October 15 at Black's vacated point-guard spot. "I don't know whether he'll still be there when we open (vs. St. John's November 20) in the National Basketball Hall of Fame preview game at Springfield, Massachusetts," Smith said before workouts began, "but he'll get the first shot."

Buzz Peterson, a 6-3 sophomore who came back from early physical problems to contribute to the national-championship run, also could be the point guard, Smith noted.

Last year, Worthy and 6-9 Sam Perkins played essentially the same roles in the Carolina offense, Smith said, though one nominally was the "strong forward" and the other the "center." Perkins, who also made several all-America teams, has one of the spots, and 6-11 sophomore Warren Martin and 6-11 freshman Brad Daugherty are among the leading candidates for the other.

Other starters back are 6-8 junior Matt Doherty, who averaged 9.3 points a game, and 6-5 guard Michael Jordan, the freshman who sank the 16-foot shot that teetered Carolina on top for the final time with 17 seconds left in the championship game. It was no fluke. Jordan was the ACC's rookie of the year, averaging 13.5.

Smith's intraconference worries start, as they have for the last four years, with 7-foot 4 Ralph Sampson and Virginia.

Sampson, a two-time all-America and college basketball player of the year, survived all the slowdowns last year to average 15.8 points and 11.4 rebounds. The ACC three-point shot line will be only 19 feet out—3½ feet closer to the basket than the pro line—and the extra reward for outside shooting figures to alleviate some of the crowding that took place around Sampson the last few years.

Othell Wilson, a 6-0 junior guard who was all-ACC a year ago, will be among the outside shooters trying to be sure Sampson gets some room. Senior Craig Robinson (6-8) and sophomore Jim Miller (6-8) are the other returning starters for Terry Holland's Cavaliers, who were 30-4 last year.

Wake Forest (21-9 last year with three-year starter Alvis Rogers back after missing last year with an injury) and North Carolina State (which kept 6-11 Thurl Bailey and standout guards Dereck Whittenburg and Sidney Lowe from a 22-10 team) figure to give North Carolina and Virginia their chief ACC opposition.

At Georgetown, John Thompson—the U.S. Basketball Writers Association coach of the year—hears daily how he has 7-foot Patrick Ewing back after a splendid freshman season. Thompson also remembers some other names. "We lost five people," he said, "three of whom started."

One of those was all-America guard Eric "Sleepy" Floyd.

Senior Fred Brown (6-5) is the other returning starter, and 6-2 junior Gene Smith played a lot last year for the 30-7 Hoyas. Three other players who came in with Ewing last year in a heralded freshman crop—6-7 Bill Martin, 6-6 Anthony Jones and 6-10 Ralph Dalton

(redshirted last year after a knee injury Thompson calls "one of the worst I've experienced")—are the keys. Thompson said. "If they come into their own, by midseason we'll have a pretty good team."

Well before that—on the night of December 11 in Capital Centre at Landover, Maryland—Georgetown and Ewing will meet Virginia and Sampson. "It's a great situation," Thompson said. "There will be a tournament-like hype for that game. It's part of our responsibility to put that in perspective."

Perspectives will alter quickly when the Hoyas enter league play, because the Big East became really big last year with three of its members in the NCAA's final eight.

Villanova and Boston College were eliminated one round before New Orleans. Villanova, beaten by North Carolina, kept four starters and added 6-6 freshman Harold Pressley, a stand-out with his 6-10 sophomore teammate, Ed Pinckney, in the National Sports Festival last summer.

John "The Bear" Pinone also returns on the potent Villanova front line, and Stewart Granger is back for his fourth year as coach Rollie Massimino's court director.

St. John's, which will make 15th-year coach Lou Carnesecca a 300-game winner with its sixth victory this year, kept all five starters, including 6-6 all-league forward David Russell (17.4), from a team that was 21-9 and third in the Big East last year.

Boston College (22-10) lost junior star John Bagley to the pros and coach Tom Davis to Stanford, and the Eagles start anew under former American coach Gary Williams. Syracuse (16-13) returns everyone and may move up.

In the Big Ten, tamed last year after a seven-year stretch filled with national champions, top-ranked teams and No. 1 pro draft choices, Indiana and Iowa start with fingers pointed their way.

Indiana coach Bob Knight still has all-Big Ten forward Ted Kitchel and guard Randy Wittman, starters on his 1981 national-championship team, and swingman Jim Thomas, an all-Final Four pick as a reserve that year and the Hoosiers' leader in an odd variety of categories last year—rebounds (though he's 6-3), assists and steals. The Hoosier key may be 7-2 sophomore center Uwe Blab, a West German who will not be among the college stars available to 1984 U.S. Olympic coach Knight.

Iowa lost four-year starter Kevin Boyle and guard Ken Arnold, but 6-10 Michael Payne was the Big Ten's rookie of the year, and his eventual front-court partners could be 6-10 sophomore Greg Stokes and 7-foot freshman Brad Lohaus. A key for Lute Olson's team could be 6-5 guard Bob Hansen's recovery from foot problems that bothered him a year ago.

In the Pacific-10, UCLA is eligible for tournament play again, and the Bruins still have swift Rod Foster and forward Darren Daye from their 1980 NCAA runner-up team. Oregon State has won the Pac-10 title the last three years, and 6-8 junior forward Charles Sitton (12.9) leads the returnees who will be trying to get along without graduated back-court star Lester Conner.

Memphis State's Keith Lee may have had the best freshman year of any player in the country: 18.3 points a game, 11 rebounds and selection as the Metro Conference's player of the year and tournament MVP. He heads the

Joe Weber, Aurora	Jr.	13.4	tied 8

Others: Tony Rychlec, Mass. Maritime, Jr., 73.1 field-goal percentage (2 in 1982); Shannon Lilly, Bishop, Sr., 92.8 free-throw percentage (1).
Current Win Streaks: Wabash 19, New Jersey Tech 12, Maryville (Mo.) 7.

Tennessee's Dale Ellis

Defending champion looks strong in Division II

In the past 13 years, 13 schools have won the NCAA Division II Men's Basketball Championship. There has not been a repeat winner since Kentucky Wesleyan in 1968-69. But all that could change this year.

Quite simply, defending champion District of Columbia is loaded. Coach Wil Jones returns the five starters from a team that manhandled 1981 champion Florida Southern, 73-63, in last year's title game. Jones is not, however, taking anything for granted.

"If I can keep my players hungry, keep them from getting lazy, we should be able to make it back to the final four," he said. "But we will have a real tough schedule; and when you are one of the top teams in the country, everybody is up for you. We have to be lucky, too, and keep down the injuries to our key people."

Barring the unforeseen, it is a good bet District of Columbia will be among the 32 teams at eight regional sites March 10-12 seeking a trip to the final four March 25-26 in Springfield, Massachusetts.

Here is a look at the 11 conferences in Division II that have automatic-qualification status, followed by a summary of each of the eight regions:

California Collegiate

Top Teams—Bakersfield State, 25-6 record in 1981-82, three starters returning; Cal Poly-SLO, 23-6, three; Dominguez Hills State, 17-7, five; Northridge State, 17-7, three.

Names and Notes—In his first year at Bakersfield State, coach Bobby Dyc turned a 6-20 club (1981) into a 25-6 team, which finished fourth in the NCAA championship. He will build around veteran guard Sam Barnett (9.0 points per game) and forward Howard Hosbey (7.0 ppg). . . . Cal Poly-SLO is pointing for its fourth straight 20-victory season and fourth straight NCAA bid . . . All-conference performer James Shaw (10.0 ppg, 8.5 rebounds per game) returns at Dominguez Hills State along with Ed Fitzpatrick (12.6 ppg). . . . Ben Balke (11.1 ppg) and Cliff Higgins (11.0 ppg, 8.0 rpg) lead Northridge State's challenge.

Central Intercollegiate

Top Teams—Hampton Institute, 28-8, five; Virginia State, 19-9, three; Virginia Union, 18-7, three.

Names and Notes—Hampton Institute finished third in NAIA play last year but reportedly will go NCAA this year. Hampton will defend its CIAA postseason tournament title with Tony Washington (18.8 ppg) and Greg "Dunkin" Hines (15.1 ppg, 9.6 rpg). . . . Virginia State won the CIAA Northern Division title last year and, along with third-place Virginia Union, advanced to NCAA play (both lost in the first round). Virginia State has high-scoring seniors Julius Norman (22.2 ppg) and Darrell Stith (19.5 ppg), while Charles Oakley (12.5 rpg, 61.7 field-goal percentage) returns for his sophomore season at Virginia Union. . . . Johnson C. Smith, Norfolk State, St. Augustine's and Winston-Salem State could figure in the CIAA race. . . . The CIAA's two divisional winners both will receive automatic NCAA bids this year.

Great Lakes Valley

Top Teams—Bellarmine, 20-9, three; Kentucky Wesleyan, 27-5, four; Lewis, 20-9, four.

Names and Notes—Bellarmine, Lewis (regular-season champion) and Kentucky Wesleyan all received NCAA bids last year. Kentucky Wesleyan finished third nationally. . . . Buddy Cox (23.1 ppg, tied for eighth in the division) again will lead Bellarmine. . . . Cornermen Dwight Higgs (20.5 ppg) and Ray Zuberer (15.3 ppg) are back at Wesleyan, along with guard Rod Drake (13.8 ppg). . . . Lewis returns Larry Tucker (20.6 ppg) and Ron Lesiak (18.5 ppg).

Central Missouri's Ron Nunnally

Gulf South

Top Teams—Livingston, 20-10, two; Tennessee-Martin, 20-11, two.

Names and Notes—Defending champion Livingston and runner-up Tennessee-Martin made NCAA tournament appearances last year, but both have holes to fill. . . . Mitch Stentiford (9.2 ppg) is back at Tennessee-Martin, but Evansville transfer Jerry Davis could be the key. . . . Livingston will rely on guard Will Cotchery. . . . Valdosta State, with Ivey Hubbard (22.1 ppg), could be a darkhorse, as could Delta State and Troy State.

Missouri Intercollegiate

Top Teams—Central Missouri State, 20-9, three; Southeast Missouri State, 21-10, three.

Names and Notes—Southeast Missouri State won the NCAA South Central regional last year. Central Missouri State was third. . . . Central Missouri's top returnee is sophomore guard Ron Nunnally (16.4 ppg). He should get help from Darrell Jones (10.3 ppg, 6.3 rpg). . . . Southeast Missouri returns all-conference performers Terry Mead (16.8 ppg) and Jewell Crawford (14.9 ppg, 6.3 rpg). . . . Northeast Missouri State and Northwest Missouri State had solid 1982 seasons but face rebuilding years.

North Central

Top Teams—Nebraska-Omaha, 22-7, three; North Dakota, 27-5, two; North Dakota State, 18-11, two.

Names and Notes—North Dakota defeated Nebraska-Omaha in the North Central regional final last year only to lose to Bakersfield State in the quarterfinals. . . . Nebraska-Omaha's 22 victories last season was a school record. The Mavericks return Dean Thompson (15.5 ppg). . . . North Dakota coach Dave Gunther won his 300th game last season but is faced with replacing center Dan Claussen. The return of all-conference forward Steve Brekke (14.7 ppg) will help. . . . Two-time all-conference guard Jeff Askew (15.5 ppg) will lead North Dakota State. . . . League newcomer Mankato State (18-9 last year, with three starters back) could be a surprise.

Northeast-Eight

Top Teams—American International, 16-11, five; Bryant, 14-12, five; Stonehill, 21-8, two; Springfield, 21-8, four.

Names and Notes—Stonehill and Springfield were first-round NCAA losers last year. . . . American International returns all-conference guard Tony Thomas (18.2 ppg) and league rookie of the year Mario Elie (15.4 ppg, 8.3 rpg). . . . Bryant has four double-figure scorers, headed by Paul Berlo (17.9 ppg). . . . The division's No. 2 scorer last year, Bob Reitz (25.1 ppg), returns to lead Stonehill. He was the conference's player of the year and is a key in the Chieftains' title defense. . . . Senior guard Buddy Clarke (17.0 ppg) leads Springfield's bid for a third-straight 20-victory season.

Northern California

Top Team—San Francisco State, 20-10, two.

Names and Notes—Defending champion San Francisco State again should be challenged by Division III power Stanislaus State. Sacramento State and Chico State are darkhorses. . . . Conference player of the year Neal Hickey (14.5 ppg), a senior forward, is the top veteran at San Francisco State. . . . The league was known as the Far Western Conference last year.

Pennsylvania State

Top Teams—Cheyney State, 28-3, four; Edinboro State, 22-8, four; Shippensburg State, 19-8, three; Slippery Rock State, 16-10, four.

Names and Notes—Bloomsburg State, Cheyney State and Edinboro State received NCAA tournament berths last season. Cheyney State lost by three to District of Columbia in the quarterfinals. . . . New Cheyney State head coach Charles Songster has plenty of returning talent, headed by all-conference forward Leonard Goggin (12.7 ppg). . . . Edinboro State's veteran squad should be led by Steve Senko (13.1) and Land Battle (12.3 ppg, 10.4 rpg). . . . Shippensburg State must replace its top two scorers, while Slippery Rock State returns Bill Rausch (17.4 ppg) and Troy Mild (17.1 ppg, 7.9 rpg). . . . West Chester State, which has moved from Division I, could be a factor.

Southern Intercollegiate

Top Teams—Albany State (Georgia) 17-9, three; Clark (Georgia), 18-9, two; Tuskegee, 20-9, three.

Names and Notes—Clark and Albany State tied for the conference crown last year. . . . The top returnee at Albany State is Lamar Harris (22.8 ppg), the 12th leading scorer in Division II last year. . . . Tuskegee still should be tough inside with senior Donnie Carter (12.8 rpg, tied for first in the division) returning.

Sunshine State

Top Teams—Central Florida, 21-8, one; Florida Southern, 22-10, two; Rollins, 17-9, two.

Names and Notes—The top three teams in this league are rebuilding, leaving things uncertain. . . . Florida Southern, 1982 runner-up and 1981 NCAA Division II champion, will have to replace all-America center John Ebeling. Guards Moses Johnson (9.4 ppg) and Scott Pospichal will provide an outside game. . . . Sophomore forward Ronnie Thornton (11.4 ppg) is the lone returning starter at Central Florida, which made its sixth NCAA trip in the past seven years last season. . . . Theo McWhite (11.1 ppg) is Rollins' top returnee.

New England Region

Top Teams—Central Connecticut State, 18-9, four; New Hampshire College, 18-10, four; Sacred Heart, 26-6, four; Southern Connecticut State, 22-8, three.

Names and Notes—Sacred Heart defeated Southern Connecticut State in last year's regional final but lost to

Kentucky Wesleyan in the quarterfinals. The Pioneers should be contenders, with forwards Keith Bennett (22.2 ppg) and Rhonie Wright (16.9 ppg, 10.6 rpg). . . . Swingman Russell Brown (17.6 ppg) and forward Nate Dickey (13.4 ppg, 8.0 rpg) should lead Southern Connecticut State. . . . Kevin Hightower (16.4 ppg) is back at Central Connecticut State. . . . New Hampshire College, regional champion in 1980 and 1981, has Jay Cirocco (17.3 ppg).

East Region

Top Teams—Adelphi, 18-8, four; C. W. Post, 16-10, four; Gannon, 17-9, four; Monmouth (New Jersey), 21-9, four.

Names and Notes—Monmouth, a first-round loser to Cheyney State in last year's championship, has its sights set on Division I. Guard Gary Carter (15.4 ppg) is the Hawks' top returnee. . . . Adelphi will rely on Buzz Matthews (18.8 ppg) and Steve Pollack (16.8 ppg, 10.6 rpg). . . . C. W. Post will challenge Monmouth in the Big Apple Conference behind the play of center Mike Henderson (13.8 ppg, 8.0 rpg). . . . Southampton was a surprise winner in the Big Apple last year but must plug some back court holes.

South Atlantic Region

Top Teams—District of Columbia, 25-5, five; Maryland-Baltimore County, 17-8, four; Mount St. Mary's, 20-8, two; Radford, 18-8, three.

Names and Notes—Center Earl Jones (23.6 ppg, 10.5 rpg) and forward Michael Britt (21.8 ppg, 10.9 rpg) are among 11 letterman at District of Columbia. Jones and Britt ranked in the division's top 20 in scoring and rebounding last year. . . . Mount St. Mary's lost, 67-66, to District of

Columbia in last year's NCAA regional finals. The Mountaineers will be rebuilding around forward Mike Jones (11.4 ppg). . . . Senior Rick Morland (18.5 ppg) will lead Maryland-Baltimore County. . . . Radford defeated District of Columbia once last year and returns Ivey Cook (15.5 ppg).

South Region

Top Teams—Columbus (Georgia), 19-7, four; West Georgia, 15-11, four.

Names and Notes—There are a few independents in this area, but Columbus and West Georgia could challenge the conference schools. . . . Columbus won 14 of its last 17 games in 1982 behind the play of Troy Morris (16.8 ppg) and Elton Ruffin (16.6 ppg). . . . Kenny Lee (17.0 ppg) and Melvin Gibson (13.8 ppg) return at West Georgia.

South Central Region

Top Teams—Sam Houston State, 22-9, two; Southwest Texas State, 16-10, three.

Names and Notes—At-large bids in this region likely will rest on the outcome of the Lone Star Conference race, where defending champion Stephen F. Austin State must replace five starters. . . . Sam Houston State also must rebuild but returns conference co-freshman of the year Yommy Sangodeyi (9.3 ppg). . . . Kerry Murray (18.7 ppg) and Rick Garrison (11.9 ppg) could lead Southwest Texas State to the league title.

Great Lakes Region

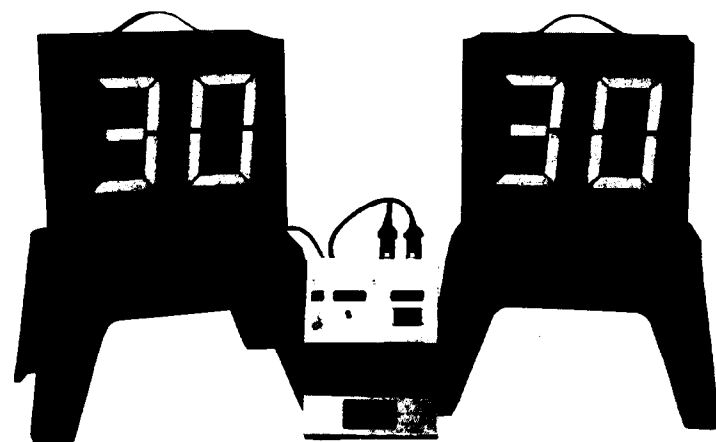

Top Teams—Central Ohio, 21-8, three; Northern Kentucky, 15-12, four; Wright State, 22-7, four.

Names and Notes—Central Ohio, making its first NCAA tournament

Division III expected to be wide-open race

The NCAA Division III Men's Basketball Championship will return to Grand Rapids, Michigan, for a second straight year, but do not be surprised if there are a lot of new faces in the final four.

Defending champion Wabash has lost 6-7 Pete Metzelaars. Third-place Brooklyn has moved to Division I. And the folks at Stanislaus State and runner-up Potsdam State still are thankful for a series of close early-round victories that got their clubs into the 1982 final four.

"I think the division is wide open," said Willie Shaw, head coach at Lane and chair of the NCAA Division III Men's Basketball Committee. "It might be a situation where the final four is entirely different from last year."

Thirty-two teams will have a crack at the final four March 18-19 on the campus of Calvin College. Champions of 13 conferences will receive automatic berths in the tournament; and another league, the Middle Atlantic Collegiate Athletic Conference, will qualify two representatives. The rest of the field will be selected at large from the division's eight regions.

Here is a rundown on each of the 14 conferences with automatic qualification status and the eight regions:

College Athletic

Top Teams—Rose-Hulman, 18-10 record in 1981-82, three starters returning; Sewanee, 15-9, three; Southwestern (Tennessee), 13-9, five.

Names and Notes—Rose-Hulman will try to defend its 1982 title and will be shooting for its fifth trip to the NCAA tournament in the last seven years. The Engineers lost a first-round game to St. Andrews in last year's championship. . . . Sewanee's Blane Brooks (14.8 points per game) is within 311 points of the school's career scoring mark. . . . Conference MVP Tim O'Keefe (18.6 ppg) returns at Southwestern along with Scott Paterson (20.5 ppg).

Dixie

Top Teams—North Carolina-Greensboro, 14-10, four; St. Andrews, 27-3, three; Virginia Wesleyan, 20-10, two.

Names and Notes—North Carolina-Greensboro returns a pair of top performers in Esker Tatum (14.2 ppg) and Kelvin Huggins (12.2 ppg, 8.9 rebounds per game). . . . St. Andrews was upset in last year's South regional final by Capital but could make a run at the national championship this season. Will Petersen, the division's 10th-leading scorer last year (23.5 ppg), will be the key man for the Knights. . . . Virginia Wesleyan also fell victim to Capital last year (in the first round of NCAA play) and must rebuild quickly.

Independent College

Top Teams—Alfred, 16-9, five; Ithaca, 22-5, three; St. Lawrence, 16-9, four.

Names and Notes—Bill Bryne (20.4 ppg), the school's all-time leading scorer (1,449 points), returns to lead Alfred. . . . Ithaca's 22-5 record in 1982 was the best in school history and landed the Bombers a conference title and an NCAA berth (first-round loss to Brooklyn). The key returnee is Tod Hart (21.3 ppg, 6.6 rpg), who hit 21 straight field-goal attempts during a three-game stretch last year, including a 16-for-16 performance against Rensselaer. His 69-percent shooting from the field was No. 5 in the division last season.

Iowa Intercollegiate

Top Teams—Luther, 23-4, three; Wartburg, 18-7, three.

Names and Notes—Luther lost in last year's Midwest regional final to Augustana (Illinois) after its first outright conference title in 27 years.

The Norsemen must replace all-time school scoring leader Doug Kintzinger. The return of Willie McKennie (12.5 ppg, 7.7 rpg) will help. . . . Wartburg's challenge for the conference title will hinge on Mark Merritt (17.5 ppg), Greg Schmitz (12.1 ppg, 7.7 rpg) and on how quickly guard Bobby Garriss can recover from a broken wrist. . . . Keith Edmonds (20.7 ppg) could put Simpson in the title chase.

Massachusetts State College

Top Teams—Framingham State, 16-10, four; Massachusetts Maritime, 12-8, three; Salem State, 20-8, two.

Names and Notes—Two of the division's top statistical performers, Framingham State's Mark Van Valkenburg and Massachusetts Maritime's Tony Rychlec, return in this league. Van Valkenburg was the division's 11th-leading scorer last year (23.5 ppg), but fellow junior Rychlec had an even better season. He was sixth in scoring (24.5 ppg), second in field-goal percentage (73.1) and third in rebounding (15.5 rpg). . . . As good as that pair is, Salem State will be favored to defend its conference crown if it can come up with replacements for all-stars Ken Kocher and Wayne Hanscom. A strong freshman class and top returnee Gus Adams (14.1 ppg) will attempt to lead the Vikings to a fourth straight conference championship.

Michigan Intercollegiate

Top Teams—Calvin, 15-7, three; Hope, 19-5, two.

Names and Notes—Calvin coach Don Vroon returns a solid nucleus, including Paul Ten Brink (13.5 ppg, 6.4 rpg) and Michael Kennedy (11.0 ppg). . . . Hope has some holes to fill if it hopes to match last year's impressive statistics: fifth in Division III scoring offense (83.9 ppg), first in scoring margin (13.8) and fourth in field-goal percentage defense (42.7). The Flying Dutchmen lost to Wabash in last year's Great Lakes regional final. . . . Kalamazoo could be a sleeper with four starters back from an 11-11 club.

Middle Atlantic

Top Teams—Dickinson, 16-11, three; Franklin & Marshall, 17-9, two; King's 18-8, five; Scranton, 23-6, four; Susquehanna, 16-11, four; Ursinus, 19-11, two; Western Maryland, 16-7, four; Widener, 23-6, four.

Names and Notes—The Middle Atlantic regional was an all-MAC affair last season with Dickinson, Scranton, Ursinus and Widener receiving the four berths. Ursinus was a surprise winner but then fell in the quarterfinals to Potsdam State. . . . With Ursinus rebuilding, Scranton and Widener are the favorites. Scoring leader Tom Kosin (16.1 ppg) returns at Scranton, along with fellow all-league performer Mickey Banas (14.2 ppg, 8.8 rpg). South Carolina transfer Bill Bessoir, son of coach Bob Bessoir, will add punch to the lineup. Widener also returns two all-conference players in Lou DeRogatis (18.6 ppg) and Leon Jones (15.1 ppg).

Midwest Collegiate

Top Teams—Beloit, 19-6, two; Knox, 12-10, three; Monmouth (Illinois), 16-7, three; Ripon, 15-7, three.

Names and Notes—Beloit has won three straight conference titles and has made four straight trips to the NCAA championship. Those streaks may be in jeopardy unless newcomers step in quickly. Tom Snapp (11.5 ppg) is a steady junior forward. . . . Ripon also suffered significant graduation losses, including its top scorer and rebounder. . . . Cornell's junior guard Andy Wilch (16.6 ppg), a two-time all-con-

Potsdam State's Leroy Witherspoon

ference selection, could be the league's top player.

New Jersey State College

Top Teams—Montclair State, 17-8, three; Trenton State, 18-8, three; William Paterson, 18-7, three.

Names and Notes—Trenton State won the regular-season title last year but lost in the conference tournament to Montclair State, which then dropped a one-point game to Roanoke in the first-round of the NCAA championship. . . . The top returnee at Montclair State is Charles Coe (9.8 ppg), while Tim Williamson (15.6 ppg, 9.1 rpg) and Mike Burwell (14.8 ppg) should give William Paterson a tough one-two punch. . . . Trenton State will rely on Don Nolan (11.4 ppg, 10.3 rpg).

Ohio Athletic

Top Teams—Capital, 20-9, four; Heidelberg, 17-11, four; Muskingum, 17-10, four; Ohio Northern, 22-7, two; Otterbein, 18-7, one; Wittenberg, 20-10, five.

Names and Notes—Ohio Northern, Capital and Wittenberg all received NCAA bids last year, and Capital made it as far as the quarterfinals before losing, 61-60, to Stanislaus State. . . . Regular-season champion Ohio Northern and runner-up Otterbein are in rebuilding years; however, Otterbein's Ron Stewart (25.4 ppg, No. 3 in the division) could keep the Cardinals in contention single-handedly. . . . Conference play-off winner Wittenberg now has won 11 straight conference regular-season or postseason titles and should be tough again behind Tim Casey (12.2 ppg) and Rodney Gilbert (11.8 ppg). . . . Capital, which received an at-large bid to the NCAA tournament, pulled off the championship's biggest upset, 72-68, over then top-ranked St. Andrews. Four double-figure scorers return, including Tracy Colston (13.7 ppg) and Eric Morris (12.6 ppg). . . . Myron Dulkoski (14.8 ppg) is the top returnee at Muskingum.

Old Dominion

Top Teams—Hampden-Sydney, 16-10, four; Roanoke, 27-4, four; Washington & Lee, 21-7, four.

Names and Notes—Mark Kelly (13.6 ppg) and Jeff Kroll (13.1 ppg) figure to be key performers for Hamp-

den-Sydney. . . . Roanoke advanced to the NCAA quarterfinals last year before losing to Brooklyn. The return of conference MVP Gerald Holmes (18.2 ppg, 9.3 rpg) and Reggie Thomas (13.4 ppg) makes the Maroons the favorite for their third-straight ODAC title. . . . Head coach Verne Canfield is seven wins from No. 300 at Washington & Lee, and the return of forwards John Lee Graves (13.4 ppg, 7.4 rpg) and Brian Hanson (13.0) should make this season another successful one.

Presidents'

Top Teams—Bethany (West Virginia), 15-9, four; Allegheny, 13-9, three.

Names and Notes—Bethany will defend its conference title with an experienced squad led by Doug Black (12.2 ppg). . . . Bruce Nesdore (15.1 ppg) and Bob Williams (238 assists) return at Allegheny. . . . John Carroll finished 10-12 last year but has all five starters back, including John Colombo (22.5 ppg, No. 13 in Division III). . . . Hiram and Washington & Jefferson return five starters each, and Carl Mulac (15.9 ppg) is back at Carnegie-Mellon.

Southern Intercollegiate

Top Teams—Lane, 13-12, two; LeMoyne-Owen, 21-4, one; Rust, 20-6, three.

Names and Notes—Lane and LeMoyne-Owen, the league's top two teams last year, are rebuilding, which could open the door for newcomer Rust. . . . Lane will rely heavily on Richard Holiday (14.3 ppg), while the LeMoyne-Owen Magicians will hope Thaddeus Todd (9.0 ppg), the lone returning starter, has something up his sleeve. . . . Eric Petty (15.0 ppg, 9.0 rpg) will lead Rust in its first season in the SIAC.

State University of New York

Top Teams—Albany State, 18-10, three; Cortland State, 16-11, four; Potsdam State, 20-10, four.

Names and Notes—After winning the 1981 NCAA Division III title, Potsdam State surprised a lot of people by finishing second last season in what was supposed to be a rebuilding year. The only starter lost to graduation was forward Maurice Woods. Junior guard Leroy Witherspoon again will trigger

the Bears' attack. . . . First-year coach Bill Williams led Cortland State to its best record in 18 years last season and again will count on Walt Henson (14.1 ppg) and Tom Spanbauer (12.8 ppg). . . . Oneonta State and Fredonia State could be sleepers, with four returning starters each from teams that finished one game above and one below .500, respectively.

Northeast Region

Top Teams—Amherst, 18-7, three; Clark (Massachusetts), 17-9, two; Colby, 16-9, five; Tufts, 19-6, five; Southern Maine, 20-6, three; Worcester Tech, 14-11, five.

Names and Notes—Worcester Tech and Clark were first-round losers in NCAA play last year. Clark returns two proven performers in Dan Trant (13.1 ppg) and Rick Cole (11.8 ppg) and is shooting for a sixth straight NCAA postseason berth. . . . Russ Philpot (16.6 ppg, 8.9 rpg) and Orville Bailey (13.2 ppg) again will lead Worcester Tech. . . . Amherst, Colby, Tufts and Southern Maine do not compete in NCAA postseason competition.

East Region

Top Teams—Hamilton, 22-4, five; Hartwick, 18-6, two; Staten Island, 25-4, two.

Names and Notes—Staten Island faces a rebuilding year after advancing to the NCAA East regional finals last year, where it lost by three points to Brooklyn. Gregory Whitehead (13.2 ppg) and several promising newcomers will be counted on heavily. . . . Hartwick's move from Division II to III caused several players to transfer to other schools. Head coach Nick Lambros will rebuild around Tim O'Brien (23.3 ppg), who was the No. 7 scorer in Division II last year. . . . Hamilton does not participate in NCAA postseason play but will be tough with everyone back, including Charles Robinson (17.7 ppg, 12.6 rpg).

Middle Atlantic Region

Top Teams—Grove City, 13-12, three; Lincoln (Pennsylvania), 15-9, three; York (Pennsylvania), 18-8, three.

Names and Notes—Middle Atlantic Conference teams traditionally dominate this region, but Grove City could challenge with Bob Crow (15.6 ppg) and Mark Smith (12.5 ppg) returning. . . . Jeff Hunter (14.0 ppg) is the top returnee at Lincoln.

South Atlantic Region

Top Teams—Mary Washington, 16-10, three; Upsala, 23-4, one.

Names and Notes—Upsala's run of five straight NCAA appearances could be in jeopardy unless coach Tom Chapman can retool the Vikings in a hurry. The only returning starter is guard William Morris. . . . Mary Washington returns one of the division's top rebounders in Frank Gilmore (13.3 rpg, No. 10 nationally). He also scored 16 points per game and was a big reason why the Blue Tide rolled to its best record ever.

South Region

Top Team—Maryville (Missouri), 16-8, four.

Names and Notes—Tony Kinder (13.2 ppg) is the top returnee on an experienced Maryville club. . . . Oglethorpe, 10-15 last year, could surprise some people with four starters back, including Jay Vander Horst (11.3 ppg).

Great Lakes Region

Top Team—Wabash, 24-4, three.

Names and Notes—Wabash coach Mac Petty will have to find someone to . . . See Division III, page 14

The NCAA News

Championship Previews

Division II Men's Cross Country

Millersville State will return to defend its title at the NCAA Division II Men's Cross Country Championships November 13 at St. Cloud State University.

However, the Marauders did not have a runaway last year, with only a two point margin over runner-up Edinboro State; and the prospects for 1983 are even rougher.

Edinboro State also has qualified for the national meet, and both teams finished behind this year's Northeast regional champion, Indiana (Pennsylvania). Indiana (Pennsylvania) finished with 66 points, well ahead of Edinboro State (124) and Millersville State (139).

Adding to the confusion is the West contingent of California-Riverside, Cal Poly-San Luis Obispo and Eastern Washington, which finished one, two and three in the region.

California-Riverside's Frank Assumma, No. 2 in the nation last year, is the top returning runner in the event. However, he finished fourth in the regional behind Cal Poly-SLO's Carmelo Rios and Cal Poly-Pomona's Tony Reyes and Matt Blaty. From first to last, however, the four were only 16 seconds apart.

The North Central qualifiers also have to be considered among the prime contenders, because they raced on the national course at St. Cloud State. North Dakota State, sixth in the country a year ago, won the regional with 45 points, one point better than South Dakota State. The third qualifier from the region is St. Cloud State (78).

The best time over the 10,000-meter national course was produced by St. Cloud State's Scott Ergen (31:32.35); and his teammate Kurt Threimen was second.

Ergen was an all-America in 1980 and sat out last season with an injury.

Mankato State, third in the national meet in 1981, failed to qualify as a team but will send three individuals to the championships.

The most unusual finish in any of the regionals was in the South Central where Central Missouri State beat Southeast Missouri State, 44-49, for the team title.

Southeast Missouri State's Mike Vanatta was well ahead of the field with only 200 yards remaining in the race when his legs began to cramp. He slowed and finally crawled the last 10 yards to finish ninth, but the ailment probably cost the Indians the team title.

In the Southeast regional, Troy State placed its first five runners among the top 20 finishers to capture the team championship. The other Southeast qualifier was St. Augustine's.

Indiana State-Evansville won the Great Lakes region, with Bellarmine and Ferris State finishing second and third and advancing to the national meet.

The team members and individual qualifiers:

Northeast

Indiana (Pennsylvania) (66)—Scott Green, 31:38.6, 5th; Lawrence Fees, 32:06.9, 8th; Stephen Goldcamp, 32:08.8, 9th; Mark Shreckengast, 32:39.1, 18th; Gerald Sproull, 33:08.4, 27th; Tabb Wile, 33:08.7, 28th; James Hardt, 33:56.4, 59th.

Edinboro State (124)—Greg Beardsley, 31:06.5, 1st; Steve Retko, 31:46.3, 6th; Mike Getz, 33:17.8, 31st; Mike Hulme, 33:29.1, 35th; William Maloney, 33:48.5, 51st; Steve Stahl, 34:13.6, 76th; no seventh runner.

Millersville State (139)—Erik Steudel, 32:31.8, 16th; Bill King, 32:56.9, 1st; Steve Thomas, 33:07.9, 25th; Paul Bowman, 33:30.3, 36th; Matt Fritz, 33:38.8, 41st; Jeff Kiser, 34:12.6, 75th; Greg Beegle, 34:22.7, 84th.

Individuals—Robert Petrini, Slippery Rock State, 31:21.1, 2nd; Steve Spence, Shippensburg State, 31:26.5, 3rd; Brian Ferrari, California (Pennsylvania), 31:32.1, 4th; Brian Wallace, East Stroudsburg State, 31:57.8, 7th.

Southeast

Troy State (44)—Jeff Weitenbeck, 31:45, 2nd; Glen Banker, 32:40, 6th; Kendall Gooch, 32:48,

Carmelo Rios of Cal Poly-SLO

7th; Manny Solarras, 33:23, 13th; Ricky Daniel, 33:44, 16th; Thomas Patterson, 34:17, 29th; Kurt Waidler, 34:33, 39th.

St. Augustine's (52)—Harry Freeman, 32:21, 3rd; James Hammond, 33:03, 11th; Jerry McLean, 33:49, 18th; Mark Davis, 33:57, 20th; Gerald Cross, 33:58, 21st; Kevin McCants, 34:10, 26th.

Individuals—Tony Farris, Mississippi College, 31:24, 1st; Donnie Tickle, Radford, 32:33, 4th.

Great Lakes

Indiana State-Evansville (40)—James Nolan, 31:16, 1st; Todd Reller, 32:09, 3rd; Brett Brewer, 32:28, 6th; Mike Atkinson, 32:51, 15th; Shawn Clodfelter, 32:58, 17th; Tim Martin, 33:28, 31st; Mike McManus, 34:04, 40th.

Bellarmine (62)—Jim Vargo, 31:45, 2nd; Ricky Miller, 32:46, 10th; Larry Schnieders, 32:54, 15th; John Nichol, 32:57, 16th; Hank Neumayer, 33:01, 19th; Larry Holt, 33:29, 32nd; Jeff Moore, 34:45, 54th.

Ferris State (89)—David Hinkle, 32:45, 9th; Alan Bengry, 32:49, 11th; Pete Rettinger, 32:59, 18th; Paul Mehlberg, 33:14, 23rd; Michael Nubius, 33:23, 28th; Robert Stanfield, 33:50, 36th.

Individuals—Randy Kane, Southern Illinois-Edwardsville, 32:17, 4th; John Adams, Grand Valley State, 32:23, 5th; Steve Wagner, Michigan Tech, 32:34, 7th; Rick Mangette, Ashland, 32:35, 8th.

North Central

North Dakota State (45)—Tom Stambaugh, 31:42.43, 3rd; Paul Leblanc, 31:54.94, 7th; Phil Dubaul, 31:56.23, 9th; Nick Gervino, 32:02.42, 10th; Rick Taplin, 32:27.59, 16th; Tom Nelson, 32:49.91, 19th; Rob Carney, 33:27.76, 29th.

South Dakota State (46)—Dan Carlson, 31:46.62, 4th; Joe Chamberlain, 31:47.32, 5th; Robert Beyer, 31:49.37, 6th; Tim Connelly, 32:19.14, 14th; Stuart Lund, 32:42.28, 17th; Jed Schemmel, 32:48.78, 18th; Lowell Miller, 33:07.91, 26th.

St. Cloud State (78)—Scott Ergen, 31:32.35, 1st; Kurt Threimen, 31:35.27, 2nd; Randy Olson, 32:50.42, 20th; Pete Kessler, 33:17.32, 27th; Mark Young, 33:18.01, 28th; Rod Denzine, 33:28.93, 31st; Mark Kane, 33:57.94, 34th.

Individuals—Mark Sybilrud, Mankato State, 31:55.53, 8th; Jeff Taylor, Mankato State, 32:08.97, 11th; Hollis Reed, South Dakota, 32:10.32, 12th; Dave Avenon, Mankato State, 32:11.30, 13th.

South Central

Central Missouri (44)—Rick Schmid, 32:28.7, 3rd; John Miller, 32:39.3, 6th; Tony Lehr, 32:43.1, 7th; Andy Cravens, 32:56.5, 10th; Ron Clark, 33:28.4, 18th; Ed Lunsford, 33:53.5, 24th; Blair Barnes, 33:56.4, 25th.

Southeast Missouri State (49)—Ken Hoffman, 32:18.2, 1st; Michael Byrne, 32:43.5, 8th; Michael Vanatta, 32:55.9, 9th; Scott Laneman, 32:57, 11th; Ken White, 33:39, 20th; Paul Brignan, 34:04.9, 27th; Joe Lackner, 35:42.4, 44th.

Individuals—Doug Jones, Abilene Christian, 32:18.8, 2nd; Jim Ryan, Northwest Missouri State, 32:30.9, 4th.

West

California-Riverside (68)—Frank Assumma, 30:18, 4th; Steve Jenness, 30:25, 6th; Ray Cook, 30:34, 9th; Chris Breneman, 31:01, 21st; Steve Dietch, 31:25, 32nd; Steve Stehlow, 31:39, 34th; Lee Spence, 32:44, 58th.

Cal Poly-San Luis Obispo (74)—Carmelo Rios, 30:02, 1st; John Rembao, 30:56, 16th; Kevin Broady, 30:57, 17th; Michael Lansdon, 31:01, 20th; Hector Perez, 31:09, 24th; Salvador Lozano, 31:28, 33rd; Steven Strangio, 31:52, 37th.

Eastern Washington (96)—Steve Pybus, 30:42, 10th; Darryl Jenest, 30:52, 14th; Matt Morgan, 31:02, 22nd; Ed Dotter, 31:10, 25th; Mark Holitink, 31:21, 30th; Brian Oster, 31:50, 36th; Greg Meyer, 32:21, 47th.

Individual—Tony Reyes, Cal Poly-Pomona, 30:08, 2nd; Matt Blaty, Cal Poly-Pomona, 30:16, 3rd; Rick Lagreide, Portland State, 30:22, 5th; Tim Gruber, Humboldt State, 30:29, 7th.

Division II Women's Cross Country

It is difficult not to predict that South Dakota State will repeat as champion in the NCAA Division II Women's Cross Country Championships at St. Cloud State University November 13.

The Jackrabbits won the North Central regional October 30 with six of the seven runners who helped them to the NCAA team title a year ago, including four of the five scorers.

Kristin Asp, third individually in last year's championship, won the North Central regional with a 5,000-meter time of 17:19.43. Her teammates finished third, fourth, fifth, sixth, eighth and 13th to give the Jackrabbits 19 points, just four more than a perfect score. Their nearest opponent had 72 points.

On the other hand, Cal Poly-San Luis Obispo was just as dominant in the West regional. The Mustangs finished with 23 points, and their nearest opponents (tied for second) had 75 points.

The Mustangs also return four of their top five runners, including Amy Harper, who covered the regional course in 16:29. The next four scorers for Cal Poly-San Luis Obispo were third, fourth, sixth and ninth.

All five of the Mustangs' scorers recorded faster times than anyone in the North Central regional, but comparing times in cross country is hazardous at best.

Assuming that everyone stays healthy, the results on November 13 may boil down to the course. If so, South Dakota State won the North Central regional on the same course that will be used for the NCAA championships.

Not to be disregarded as a factor in determining the champion, of course, are the other nine teams, plus individuals who qualified in regional competition.

In the West, where three teams qualified, California-Davis and Northridge State tied for second to fill the two remaining spots.

There also was a tie in the Great Lakes region, where Ashland and Wisconsin-Parkside both finished with 32 points.

Holy Cross won the Northeast regional with 62 points, and West Chester State was second with 87 points. Both teams qualify.

Nancy Goodwine, Central Missouri

The only other region where more than one team qualified is the South Central, where Abilene Christian won the meet with 37 points. Air Force was second with 50 points and was selected as the at-large team.

In the Southeast regional, Troy State won the qualifying berth with its first-place finish.

The team members and individual qualifiers by region are:

Northeast

Holy Cross (62)—Eileen O'Rourke, 18:20.0, 3rd; Jackie McNiff, 18:34.4, 5th; Laurel Gilhooly, 19:02.7, 13th; Deedee Murphy, 19:14.5, 22nd; Mary Kate Donovan, 19:43.0, 29th; no seventh runner.

West Chester State (87)—Lisa Young, 18:26.1, 4th; Julie Bowers, 18:52.1, 10th; Kris Brandl, 19:13.3, 20th; Rose Glah, 19:20.2, 26th; Elaine Yerger, 19:20.7, 27th; Beth Gainer, 19:42.1, 34th; Phoebe Williams, 19:46.6, 35th.

Individuals—Laura Mason, East Stroudsburg State, 18:15.4, 1st; Michele Pingar, Kutztown State, 18:19.2, 2nd; Diane Gallo, Kutztown State, 18:36.5, 6th.

Southeast

Troy State (54)—Tina Kroll, 19:04, 2nd; Kathleen Robinson, 19:36, 6th; Laura Wallenfels, 19:39, 8th; Vicky Marshall, 19:50, 12th; Rebecca Hoffman, 20:53, 26th; Darlene Richardson, 21:05, 31st; no seventh runner.

Individuals—Coleen Napolitano, Florida International, 18:53, 1st; Sheri Williams, Jacksonville State, 19:06, 3rd; Renee Viertel, Liberty Baptist, 19:08, 4th.

Great Lakes

Ashland (32)—Alan Kuefer, 17:52, 1st; Debbie Gressens, 18:37, 3rd; Susan Borawski, 18:48, 5th; Mandy Ripple, 19:49, 10th; Tina Graf, 19:58, 13th; Geri Spaulding, 20:07, 14th; Lisa Hallberg, 22:52, 33rd.

Wisconsin-Parkside (32)—Debbie Spino, 18:25, 2nd; Sue Meyer, 18:41, 4th; Dona Driscoll, 19:09, 7th; Karen Jacobson, 19:45, 8th; Jane Roszkowski, 19:50, 11th; Kathy De Baere, 20:14, 17th; Tori Murray, 21:56, 31st.

Individuals—Denise Delong, Ferris State, 19:08, 6th; Ronda Guy, Ferris State, 19:48, 9th.

North Central

South Dakota State (19)—Kristin Asp, 17:19.43, 1st; Nancy Gieske, 17:32.20, 3rd; Lori Bocklund, 17:46.08, 4th; Audrey Stavrum, 17:55.15, 5th; Cindy Sargent, 18:32.03, 6th; Jill Ramsdell, 18:41.83, 8th; Laura Geason, 18:58.13, 13th.

Individuals—Lori Bearson, Mankato State, 17:25.43, 2nd; Jeanne Likar, North Dakota, 18:40.32, 7th; Cheryl Fonley, Nebraska-Omaha, 18:42.85, 9th.

South Central

Abilene Christian (37)—Laurie Taylor, 18:03, 2nd; Julie Browning, 18:07.5, 4th; Tina Lopez, 18:12.6, 5th; Cheryl Vinsant, 18:55.5, 12th; Valerie Huddleston, 18:58.8, 14th; Noemi Espinoza, 21:21.8, 35th; no seventh runner.

Individuals—Nancy Goodwine, Central Missouri State, 17:55.8, 1st; Christine Ridenour, Southeast Missouri State, 18:15.5, 6th; Janice Hierholzer, Missouri-Rolla, 18:29.8, 8th.

West

Cal Poly-San Luis Obispo (23)—Amy Harper, 16:29, 1st; Jennifer Dunn, 16:47, 3rd; Carol Gleason, 17:04, 4th; Kristin Thompson, 17:11, 6th; Marilyn Nichols, 17:16, 9th; Robyn Dubach, 17:51, 15th; Lorene Lopez, 18:09, 22nd.

California-Davis (75)—Patricia Gray, 16:46, 2nd; Linda Somers, 17:12, 7th; Ann Hoerber, 17:53, 16th; Nancy Riedel, 18:05, 21st; Karen Menge, 18:20, 29th; Lisa Wolfe, 18:39, 39th; Denise Fruit, 18:39, 40th.

Northridge State (75)—Magdalena Manriquez, 17:14, 8th; Carol Keller, 17:43, 13th; Jeanette Alfred, 17:48, 14th; Tracy Schofield, 17:53, 17th; Valerie Eberly, 18:09, 23rd; Colleen Spadoni, 18:16, 27th; Tara Slatton, 18:52, 45th.

Individuals—Marianne Scannell, Sacramento State, 17:10, 5th; Kathy Way, Hayward State, 17:32, 10th; Kathy Koudela, Hayward State, 17:39, 11th.

At Large

Air Force (50)—Joy Meyen, 18:06.0, 3rd; Rita Burr, 18:23.9, 7th; Jean Garvin, 18:51.2, 11th; Shelly Ginder, 18:56.3, 13th; Dana Lindsey, 19:10.1, 16th; Laureli Mazik, 19:26.2, 20th; Lisa Hoya, 19:21.2, 19th.

Division II Men's Soccer

What was once a very clear picture in NCAA Division II men's soccer suddenly has become very cloudy.

Defending champion Tampa had been rolling along with a 34-game unbeaten streak. Last year's runner-up Los Angeles State again appeared to be the dominant team on the West Coast with a 9-3-2 record. And 1980 champion Lock Haven State appeared to be a shoo-in for another tournament berth, surprising many observers during what was supposed to be a rebuilding year.

All that has changed. First came Los Angeles State's discovery that it had fielded an ineligible player in five games. Last week, Lock Haven State

was upset, 2-0, by Indiana (Pennsylvania), a victory that clinched the Pennsylvania State College Athletic Conference Western Division crown for the Indians. They will meet Eastern Division winner Cheyney State this week for the conference title.

Finally, to confuse matters further, Tampa was defeated at Central Florida, 3-1. To make matters worse, Tampa coach Jay Miller could open the play-offs with four starters injured.

What all this confusion has created are opportunities for such teams as Central Florida, Oakland, Missouri-St. Louis and a number of others to step into the NCAA Division II Men's Soccer Championship field. The 12-team field (two more than last year) will begin play this weekend. The two finalists will meet December 4 on one of the teams' home field.

But while it has been a hectic couple of weeks, do not count the reigning powers out. Los Angeles State still is under consideration despite the five forfeits, and the expanded bracket could leave enough room for Lock Haven State to get in.

Tampa also is in the thick of things. The loss to Central Florida could cost the Spartans the Sunshine State Conference title (Central Florida needed a victory Saturday against Rollins to clinch it), but the loss also may take some of the pressure off Tampa.

"My assistant coach looked at me after the game and said maybe this is a blessing in disguise," Miller said. "We were a little schedule weary. We've played so many big games, boom, boom, boom. I think we were a little tired, and it was a must game for Central."

Tampa still had one more big game to go—a home game Saturday against Southern Connecticut State, last year's NCAA Division II third-place team. A victory in that game, coupled with victories over such Division I powers as Alabama A&M, North Carolina and William & Mary, would add up to a pretty fair season.

That game probably will not have an effect on tournament selections. Certainly, Southern Connecticut State has established itself as the top team in the Northeast region, with a 14-1 record as of the first of the month. Led by junior forward Ron Basile, coach Bob Dikranian's club will be seeking its seventh straight NCAA bid.

The Indiana (Pennsylvania)-Cheyney State game could be pivotal in the Mideast, where Oakland and Indiana State-Evansville also are in the running. Oakland beat Lock Haven State, 1-0, two weeks ago.

Central Florida, Rollins and Florida International will seek berths in the South, while the Midwest-Far West appears to be wide open. Missouri-St. Louis, the fourth-place finisher in last year's championship, has had a solid 9-3-3 season; several of the region's traditional powers, such as Chico State and Seattle Pacific, have struggled.

Here is a look at the teams under consideration for the Division II championship. The field is to be announced Tuesday, November 9. Records are as of November 1, except where more recent information was available.

Northeast—Bridgeport (9-4-2), Central Connecticut State (9-4), Dowling (14-5-2), Hartford (11-3-1), New Haven (9-5-1), New York Tech (11-4-1), St. Anselm (9-4-1), Southern Connecticut State (14-1).

Mideast—Bloomsburg State (10-7), Cheyney State (9-3), Indiana (Pennsylvania) (11-2), Indiana State-Evansville (11-2-2), Lock Haven State (11-3-2), Oakland (12-3-3), Slippery Rock State (10-3-1), West Chester State (6-8-3), Wright State (12-4-3).

South—Central Florida (10-2-2), Florida International (9-3-1), Rollins (10-3-2), Tampa (16-1).

Midwest-Far West—California-Davis (8-7-2), Chico State (9-5-2), Dominguez Hills State (14-3-1), Hayward State (7-3-5), Los Angeles State (9-8-2), Missouri-St. Louis (9-3-3), Sacramento State (11-3-2), San Francisco State (9-4-3), Seattle Pacific (11-6-1).

Field hockey tournaments have new teams

There may not be a new champion in the NCAA Division I Field Hockey Championship this year, but there definitely will be a new look to the event, which will be held at Temple University November 20-21.

The most obvious change will be the expansion of the tournament from six to 12 teams. Another change is the addition of several strong teams, primarily from the East, that competed in the AIAW championship last year.

Until the last week of October, the question in Division I was whether anyone could beat Iowa. The Hawkeyes finally did lose, though, creating a scramble for the top position as the selection process neared.

The loss dropped Iowa from No. 1 to No. 3 in the NCAA rankings. Old Dominion, a semifinal loser last year, moved to the top with a 12-1 record through November 1.

Defending champion Connecticut also has had a strong season. The Huskies are ranked second and appear prepared to defend their title.

Old Dominion was ranked No. 1 for the first three weeks of the 1981 season before slumping slightly; the Lady Monarchs ultimately were defeated by Connecticut in the national semifinals. Again this year, high-scoring Christy Morgan (19 goals) and all-America Yogi Hightower lead Old Dominion.

Three strong Eastern teams are among those that have joined the NCAA competition from the AIAW; they appear to be the most likely threats to the top-rated teams. Penn State was the 1981 AIAW champion, Temple finished second and Delaware has been a traditional power.

Other contenders are spread throughout the country and are difficult to evaluate. This season was expected to be one of the most competitive in the sport's history. The championship could follow suit.

Teams under consideration for selection include the following (season records in parentheses):

New England—Connecticut (13-2), Massachusetts (13-2-1), Springfield (11-4), Harvard (10-2).

Midwest—Penn State (13-4), Princeton (11-2), Rutgers (11-9).

Mid-Atlantic—Temple (13-2), Delaware (11-4-1), Maryland (11-7).

South—Old Dominion (12-1), Virginia (14-2), North Carolina (11-5), Davis and Elkins (12-2).

Midwest—Iowa (19-1), Northwest (15-4), Southwest Missouri State (16-3), Michigan (12-3).

West—California (11-2), San Jose State (12-5), Stanford (7-4).

Division II Field Hockey

Pfeiffer, the winner of the first NCAA Division II Field Hockey Championship last year, was hoping that a promising group of sophomores would provide a rapid rebuilding process. Since the Falcons were not ranked in the NCAA's latest Division II poll, that rebuilding apparently still is going on.

One constant from last year in Division II is that won-lost records are not always true indicators of team strength. Chico State was selected for the 1981 tournament with a 3-6-2 record, yet lost a 1-0 overtime decision to Pfeiffer in the semifinals. This year, Chico State again does not have an impressive record (over .500, though) but again is highly rated, primarily because of a difficult schedule.

The successor to Pfeiffer in this year's championship, which has been expanded from four to six teams, could be Lock Haven State. The Pennsylvania school was the 1981 AIAW Division II champion and has made an impressive entrance into NCAA competition with 10 victories in its first 11 games.

Another Pennsylvania team, Bloomsburg State, is expected to contend for the national title. Bloomsburg State was the 1981 AIAW Division III champion.

Brenda Stauffer leads Penn State's bid for the second Division I field hockey championship.

Unless Chico State is too powerful for the others, the safest forecast should be that an Eastern team will replace Pfeiffer as the champion. The only other non-Eastern contenders appear to be Bemidji State and Northern Michigan, both in the most recent top 10 teams.

Pairings for this year's Division II championship, which will be conducted November 20 on the campus of one of the finalists, are:

Kutztown State (12-1) vs. Lowell (12-4), November 12 at Lock Haven State College in Lock Haven, Pennsylvania; winner plays Lock Haven State (14-1), November 13 at Lock Haven State.

Chico State (8-5) vs. C. W. Post (15-5), November 12 at C. W. Post College in Greenvale, New York; winner plays Bloomsburg State (15-4-1), November 13 at C. W. Post.

Division III Field Hockey

It is becoming quite difficult in any sport for an NCAA champion to repeat, but the 1982 NCAA Division III Field Hockey Championship may prove to be the exception.

Defending champion Trenton State, which allowed just one goal in two games while winning the 1981 title, is undefeated in its 22 games this year and must be considered the favorite for

this year's championship November 19-20 at Elizabethtown College in Elizabethtown, Pennsylvania.

The Lions also were unbeaten in 1981 (15-0-2), so it will be quite a task for the other Division III contenders. It should be tougher for Trenton State, though, because the tournament field has been expanded from six to 12 teams. The top four seeded teams will have to win three games to capture the championship; the remaining teams must win four.

The top competition for Trenton State could come from two of the teams that reached last year's semifinals, Elizabethtown and Franklin and Marshall. They faced each other last year in a semifinal contest and are ranked among the nation's top four teams.

A new entry among the national powers is Ithaca, which finished third in last year's AIAW championship. It was the second straight third-place finish for the Bombers.

The remainder of the teams eligible for selection to this year's event seem relatively balanced, but several have previous tournament experience and could be contenders. Lynchburg has six starters back from its 1981 AIAW runner-up team, Frostburg State and Wisconsin-Stevens Point both participated in last year's NCAA championship, and Glassboro State and Bridge-

water (Massachusetts) were among the preseason favorites.

Teams under consideration for selection today, with won-lost records in parentheses, include:

Northeast—Bridgewater State (12-5-3), New England College (14-1), Salem State (16-2).

Middle Atlantic—Trenton State (22-0), Ithaca (13-2), Glassboro State

(10-6), Cortland State (11-4), Drew (12-3).

Pennsylvania—Franklin and Marshall (11-2-1), Elizabethtown (14-2-1), Scranton (10-5-1), Wilkes (8-4-3).

South—Frostburg State (15-3), Lynchburg (13-3), Sweet Briar (9-3).

Great Lakes—Denison (13-4-1), Wisconsin-Stevens Point (17-4), Wooster (11-7), Hope (13-3).

Championship Summaries

Division III Men's Soccer

First-round results: Plymouth State 3, Worcester State 1; Babson 1, Brandeis 0; North Carolina-Greensboro 3, Lynchburg 0; Glassboro State 3, Kean 2; Buffalo State 1, Rochester Tech 0; Cortland State 1, Binghamton State 0 (overtime); Bethany 1, Denison 0 (overtime); Ohio Wesleyan 4, Hope 0; Wheaton 4, Colorado College 0; MacMurray 1, Claremont-Mudd-Scripps 0; Scranton 1, Moravian 0; Messiah 1, Elizabethtown 0.

Second-round results: Plymouth State 2, Babson 0; North Carolina-Greensboro 3, Glassboro State 1; Cortland State 1, Buffalo 0; Bethany 1, Ohio Wesleyan 0 (penalty kicks); Wheaton 3, MacMurray 1; Scranton 2, Messiah 0.

Third-round pairings: North Carolina-Greensboro at Plymouth State, November 13 (winner to meet Cort-

land State in semifinals); Bethany at Wheaton, November 13 (winner to meet Scranton in semifinals).

Women's Soccer

First-round results: Cortland State 2, Boston College 0; Massachusetts 3, Rochester 1; Princeton 1, George Mason 0; Harvard 3, Brown 1.

Second-round pairings: Connecticut (14-0-1) vs. Cortland State (8-5-3); Central Florida (8-0-2) vs. Massachusetts (14-3); North Carolina (16-2) vs. Princeton (11-1-1); Harvard (7-5-2) vs. Missouri-St. Louis (13-0-3). All second-round games are to be completed by November 14. Connecticut, Central Florida and Missouri-St. Louis will host second-round games. The site of the remaining second-round game was not determined at press time.

Southern Connecticut State's Ron Basile

Meet certification required

The NCAA Extra Events Committee reminds directors of athletics at member institutions that participation in gymnastics and track and field outside competition must occur in meets that have been certified by the committee.

Bylaw 2-4 explains the restriction, which applies to all outside domestic competition during the calendar year. The regulation applies to all men's

programs and to those institutions that have adopted NCAA rules for their women's programs.

It is the responsibility of coaches to be aware of this legislation and to check—in advance—with the meet management to make certain that an event has received NCAA certification. Student-athletes could lose their eligibility by participating in noncollegiate-sponsored competition.

New certifications appear periodically in The NCAA News. These meets must be sanctioned by the NCAA Extra Events Committee, not merely by a national governing body in the sport.

Meets that do not involve a large number of competitors and are local in nature may not require certification, if they are classified as "nonincome."

Nonincome status may be declared based on several factors, including the purpose of the event, the entry fee or admission charges and the overall financial operation.

Coaches still should check with the NCAA in all cases to determine whether the competition has been classified as nonincome, prior to allowing a student-athlete to participate.

Several gymnastics meets have been certified to date. The dates of these events appeared in the October 25 issue of The NCAA News.

No indoor or outdoor track and field meets have been certified.

More information about the certification procedures can be obtained from Ralph McFillen, assistant director of championships, at the NCAA national office.

Handbook for travel mailed to institutions

The NCAA Travel Handbook for 1982-83 has been mailed to NCAA member institutions. The booklet contains information that committee members and individuals participating in NCAA championships will need for official Association travel.

This marks the second year the Association has contracted with Fugazy International Travel, Inc., of New Haven, Connecticut, to arrange airline transportation for NCAA functions.

Although the cost of all Association travel for the first year under the agreement with Fugazy has not been determined, it appears the NCAA realized substantial savings in travel expenses.

Soccer team in Mexico

The United States national boy's youth soccer team is participating in the prestigious Joao Havelange Youth Tournament in Acapulco, Mexico, which ends November 14.

The U.S. team, comprising players under 19 years of age, is competing in a first-round group against Argentina, Israel and the Soviet Union. Also in the field are Australia, Brazil, Honduras and Mexico.

Included on the 18-man roster are collegiate stars Jeff Duback (goalie,

Yale), Mike Wheeler (goalie, Seattle Pacific), Paul Caligiuri (defender, UCLA), Mark Arya (midfielder, California), Dale Ervine (midfielder, UCLA) and Chris Tonne (midfielder, Central Florida).

The tournament is an important warm-up for the U.S. squad, which will face Israel and the winner of the Oceania region tournament in January for the 16th and final berth in the 1983 World Youth Championships in Mexico.

Championship Corner

Availability questionnaires were due to be returned to the appropriate regional advisory committee chairs by October 22 in football (all divisions) and by October 15 in men's soccer (all divisions). Questionnaires for men's water polo should be returned to the appropriate regional advisory committee chair by November 18. Teams will not be considered for selection to the championship unless the availability questionnaires have been received.

Baseball teams play 100-inning marathon

It probably is safe to say that only an enthusiastic student-athlete would involve himself in an 8½-hour, 100-inning baseball game just for a chance to play more baseball later on.

But that's what happened October 16 in Durham, New Hampshire, where the University of New Hampshire baseball team defeated Nasson College. The final score was 84-68 in the modified game.

The game was played to raise funds for both schools' Southern trips next spring.

"Each year, we have to ask our kids to pay \$300 to go to Florida," said New Hampshire baseball coach Ted Connor. "Our spring trip is a major reason for our success in the past. We hope to raise enough money in this game to pay for the entire cost of the trip for each player."

It was a smashing success. The pledges still are being counted, but New Hampshire athletic officials esti-

mate that between \$5,000 and \$6,000 was generated from the game. Nasson raised \$400, but this was not the major fund-raising effort for the Lions; a bowl-a-thon in November will be that team's primary effort.

How do you play a 100-inning baseball game? This one was played with a pitching machine rather than human pitchers. Each team batted for three innings at a time, and no stealing or bunting was permitted. In addition, a designated hitter was used for the catcher to save time.

Interested individuals and local businesses pledged donations based on the number of innings played. And the weather even cooperated so that the game could be held outdoors. If it had rained, the teams would have moved indoors and used "wiffle" balls.

"Baseball at UNH can't survive without outside help," Connors said. "We have to support ourselves when we want to take a trip that our yearly budget can't afford."

1983 NCAA BASKETBALL

Anne Donovan
Old Dominion
Ralph Sampson
Virginia

Basketball publication has all-time records

The 1983 edition of NCAA Basketball, containing for the first time a complete women's records section, now is available.

Originally published in 1981 as the NCAA basketball records book, the new format of the publication contains much of the information previously published in the NCAA basketball guide series as well as complete record and statistical information.

Included in the book are men's and

women's records for all three divisions, statistics and conference standings from the 1981-82 season, championship results and records, 1981-82 team-by-team results, and complete schedules for the 1982-83 season. The book offers the college basketball fan more than 400 pages of facts and figures.

To obtain a copy of 1983 NCAA Basketball, write NCAA Publishing, P.O. Box 1906, Mission, Kansas 66201. Cost of the book is \$5.

North Carolina

Continued from page 8

four starters Dana Kirk has back from his 24-5 club that won both the regular-season and tournament championships. Louisville (23-10 and a Final Four club) hopes 6-8 freshman Billy Thompson can have a Lee-type rookie year, but the McCray brothers (6-9 Scooter and 6-7 Rodney) and juniors Charles Jones and Lancaster Gordon lead the returnees who will try to give coach Denny Crum a 12th straight 20-victory season.

The Southeastern Conference race may be decided off the court when 7-foot Sam Bowie learns whether his injured leg finally will let him return to play again after a year out. Coach Joe Hall still can surround Bowie with the players who were there when he left—husky forwards Derrick Hored and Charles Hurt and guards Dirk Minniefield and Jim Master—or fill in for Bowie again with 6-11 muscleman Melvin Turpin (13.1).

That may not be enough for a league title. The SEC also has likely powers at Alabama, where 6-9 Bobby Lee Hurt and 6-3 Ennis Whatley now are sophomores eager to improve their impressive debut seasons, and Tennessee, where Don DeVoe builds around 6-7 Dale Ellis (21.2).

Houston's surprise Final Four club lost guard Rob Williams as an early pro, but the whole front line that powered the Cougars to 25-8 last year returns, including intriguing 7-0 sophomore Akeem Olajuwon, likely to

gain a starting spot. The Southwest Conference has Bobby Weltlich, fresh in from Mississippi, coaching at Texas now, and he hopes 6-9 junior Mike Wacker (15.2) can regain the skills that led Texas to a 14-0 start last year before a broken leg cut down both Wacker and the 'Horns. Eddie Sutton's Arkansas team has been up there annually, but the Razorbacks lost four starters from a 23-6 club.

When San Francisco dropped basketball, a perennial power was removed from the West Coast Athletic Conference; however, Pepperdine went 14-0 in that league last year and kept four starters. Newcomer Nevada-Las Vegas, with 6-9 Sidney Green (16.7) and 6-6 Larry Anderson (6.6), looks like the power in the Pacific Coast Athletic Association.

Texas-El Paso, with a standout in 6-6 Fred Reynolds (14.3); defending champion Wyoming (with 6-3 Michael Jackson bidding for player-of-the-year honors); San Diego State (four starters back plus 6-8 John Martens from San Francisco), and perennial power Brigham Young look best in the Western Athletic Conference.

The Sun Belt Conference lost a four-year star in Alabama-Birmingham's Oliver Robinson, and the league that has burst into national prominence the last two years appears headed for a wild scramble.

Bradley's NIT championship highlighted a year that also included the Missouri Valley Conference title, but

coach Dick Versace kept only guards Barney Mines and Willie Scott from that starting group. Wichita State, with 6-9 Antoine Carr (16.0) and 6-4 Aubrey Sherrod (11.0), and Illinois State (all five starters back from a 17-12 team) may be the MVC teams to beat. Missouri may continue to dominate the Big Eight if 6-11 senior Steve Stipanovich blossoms, but Oklahoma looks formidable with five starters back from a 20-10 club and one of the nation's most heralded freshmen, 6-9 Wayman Tisdale.

West Virginia, with 6-1 Greg Jones, starts as the target in the new Atlantic 10 Conference.

DePaul's 132-15 record over the last five years is by far the best in the country (runner-up Arkansas, at 123-31, is 11½ games and .097 points back), but minus all-America Terry Cummings, coach Ray Meyer's Blue Demons may have to surrender honors among the independents this year to Marquette and guard Glenn "Doc" Rivers. Notre Dame, with an all-America candidate in guard John Paxson; Dayton, and South Carolina also count on returnees and rookies to boost them toward tournament stature.

And others will break through. That's the only sure thing in a season made all the more unpredictable by those wildly varying rules, none of which will apply when the last four survivors gather at Albuquerque next March to pick the new collegiate champion.

Division III

Continued from page 10

step into the middle for graduated all-America Metzelaars if the Little Giants hope to retain their national title. There also are some holes in the back court, but forwards Merlin Nice (9.6 ppg), Kerry Seward and Jim Beagle return.

Midwest Region

Top Teams—Augustana (Illinois), 22-6, two; Blackburn, 23-8, three; Concordia (Illinois), 20-9, three; Illinois Wesleyan, 20-8, two; Rockford, 18-9, four; Wisconsin-Eau Claire, 26-6, three; Wisconsin-Milwaukee, 20-6, three; Wisconsin-Stevens Point, 22-5, three.

Names and Notes—A number of

the top teams in this region traditionally declare for NAIA competition, but two teams that figure to be in the NCAA picture again are Augustana and Wisconsin-Milwaukee. . . . Augustana dropped a three-point quarterfinal game to Wabash in last year's NCAA championship and returns two veterans in Dave Anderson (11.3 ppg) and George Wenzel (9.9 ppg). . . . Senior guard Kevin Jones (25.4 ppg, tied for third in division) will lead Wisconsin-Milwaukee. . . . North Park also earned an NCAA berth last year but dropped a first-round game to Bishop in the West regional.

West Region

Top Teams—Bishop, 17-8, five;

Redlands, 14-13, three; Stanislaus State, 18-12, three; Whittier, 14-14, four.

Names and Notes—A young Bishop squad made it to the regional finals last year before losing to Stanislaus State. The Tigers' inside-outside combination of Shannon Lilly (23.7 ppg, ninth in Division III) and Conway Jones (15.3 ppg, fourth in the division) returns along with the rest of the team. . . . Center Doug Cornfoot is gone at Stanislaus State, but the Warriors hope to reach the final four again behind the play of Rico Thompson (11.0 ppg), Curt Wooten (10.6 ppg) and Dave Atkins (10.5 ppg). . . . Whittier also will be hoping for a return to NCAA play, with Craig LeSuer (14.1 ppg) the top returnee.

1982-83 NCAA championship dates and sites

Fall

Cross Country, Men's: Division I, 44th, Indiana University, Bloomington, Indiana, November 22, 1982; Division II, 25th, St. Cloud State University, St. Cloud, Minnesota, November 13, 1982; Division III, 10th, Fredonia State University College, Fredonia, New York, November 20, 1982.

Cross Country, Women's: Division I, 2nd, Indiana University, Bloomington, Indiana, November 22, 1982; Division II, 2nd, St. Cloud State University, St. Cloud, Minnesota, November 13, 1982; Division III, 2nd, Fredonia State University College, Fredonia, New York, November 20, 1982.

Field Hockey: Division I, 2nd, Temple University, Philadelphia, Pennsylvania, November 20-21, 1982; Division II, 2nd, site to be determined (campus site), November 20, 1982; Division III, 2nd, Elizabethtown College, Elizabethtown, Pennsylvania, November 19-20, 1982.

Football: Division I-AA, 5th, Wichita Falls, Texas, December 18, 1982; Division II, 10th, McAllen, Texas, December 11, 1982; Division III, 10th, Phenix City, Alabama, December 4, 1982.

Soccer, Men's: Division I, 24th, Jacksonville University, Fort Lauderdale, Florida, December 11, 1982; Division II, 11th, site to be determined (campus site), December 4, 1982; Division III, 9th, site to be determined (campus site), November 27, 1982.

Soccer, Women's: 1st championship, University of Central Florida, Orlando, Florida, November 20-21, 1982.

Volleyball, Women's: Division I, 2nd, University of the Pacific, Stockton, California, December 17-19, 1982; Division II, 2nd, California State University, Northridge, California, December 10-11, 1982; Division III, 2nd, University of California, San Diego, California, December 10-11, 1982.

Water Polo, Men's: 14th championship, California State University, Long Beach, California, November 27-28, 1982.

Winter

Basketball, Men's: Division I, 45th, University of New Mexico, Albuquerque, New Mexico, April 2 and 4, 1983; Division II, 27th, American International and Springfield Colleges, Springfield, Massachusetts, March 24 and 26, 1983; Division III, 9th, Calvin College, Grand Rapids, Michigan, March 18-19, 1983.

Basketball, Women's: Division I, 2nd, Old Dominion University, Norfolk Scope, Norfolk, Virginia, April 1 and 3, 1983; Division II, 2nd, American International and Springfield Colleges, Springfield, Massachusetts, March 24 and 26, 1983; Division III, 2nd, Clark University, Worcester, Massachusetts, March 18-19, 1983.

Fencing, Men's: 39th championship, site and dates to be determined.

Fencing, Women's: 2nd championship, Pennsylvania State University, University Park, Pennsylvania, March 17-19, 1983.

Gymnastics, Men's: Division I, 41st, Pennsylvania State University, University Park, Pennsylvania, April 7-9, 1983; Division II, 16th, University of California, Davis, California, March 24-26, 1983.

Gymnastics, Women's: Division I, 2nd, University of Utah, Salt Lake City, Utah, April 8-9, 1983; Division II, 2nd, University of California, Davis, California, March 24-26, 1983.

Ice Hockey, Men's: Division I, 36th, University of North Dakota, Grand Forks, North Dakota, March 24-26, 1983; Division II, 6th, site to be determined (campus site), March 17-19, 1983.

Rifle, Men's and Women's: 4th championship, Xavier University, Cincinnati, Ohio, March 18-19, 1983.

Skating, Men's: 30th championship, Bridger Bowl, Montana State University, Bozeman, Montana, March 9-12, 1983.

Swimming and Diving, Men's: Division I, 60th, IU Natatorium, Indiana University Purdue University, Indianapolis, Indiana, March 24-26, 1983; Division II, 20th, Belmont Plaza Pool, Long Beach, California (California State University, Chico, host), March 16-19, 1983; Division III, 9th, C. T. Branin Natatorium, Canton, Ohio (Case Western Reserve University, Denison University and Kenyon College hosts), March 10-12, 1983.

Swimming and Diving, Women's: Division I, 2nd, University of Nebraska, Lincoln, Nebraska, March 17-19, 1983; Division II, 2nd, Belmont Plaza Pool, Long Beach, California (California State University, Chico, host), March 16-19, 1983; Division III, 2nd, C. T. Branin Natatorium, Canton, Ohio (Case Western Reserve University, Denison University and Kenyon College hosts), March 10-12, 1983.

Indoor Track, Men's: 19th championship, University of Michigan, Silverdome, Pontiac, Michigan, March 11-12, 1983.

Indoor Track, Women's: 1st championship, University of Michigan, Silverdome, Pontiac, Michigan, March 11-12, 1983.

Wrestling: Division I, 53rd, The Myriad, Oklahoma City, Oklahoma (University of Oklahoma, Oklahoma State University hosts), March 10-12, 1983; Division II, 21st, North Dakota State University, Fargo, North Dakota, February 27-28, 1983; Division III, 10th, Wheaton College, Wheaton, Illinois, February 25-26, 1983.

Spring

Baseball: Division I, 37th, Creighton University, Rosenblatt Municipal Stadium, Omaha, Nebraska, June 4-13, 1983; Division II, 16th, University of California, Riverside, California, May 21-25, 1983; Division III, 8th, Marietta College, Marietta, Ohio, June 2-5, 1983.

Golf, Men's: Division I, 86th, California State University, Fresno, San Joaquin Country Club, Fresno, California, June 8-11, 1983; Division II, 21st, California State College (Pennsylvania), Speidel Golf Course, California, Pennsylvania, May 17-20, 1983; Division III, 9th, College of Wooster, Wooster, Ohio, May 17-20, 1983.

Golf, Women's: 2nd championship, University of Georgia, Athens, Georgia, May 25-28, 1983.

Lacrosse, Men's: Division I, 13th, Rutgers University, New Brunswick, New Jersey, May 28, 1983; Division III, 4th, site to be determined (campus site), May 22, 1983.

Lacrosse, Women's: 2nd championship, University of Pennsylvania, Philadelphia, Pennsylvania, May 21-22, 1983.

Softball, Women's: Division I, 2nd, Creighton University, Omaha, Nebraska, May 25-29, 1983; Division II, 2nd, Chapman College, Orange, California, May 20-22, 1983; Division III, 2nd, Eastern Connecticut State College, Willimantic, Connecticut, May 21-24, 1983.

Tennis, Men's: Division I, 99th, University of Georgia, Athens, Georgia, May 14-22, 1983; Division II, 21st, Southwest Texas State University, San Marcos, Texas, May 12-15, 1983; Division III, 8th, State University of New York, Albany, New York, May 11-14, 1983.

Tennis, Women's: Division I, 2nd, University of New Mexico, Albuquerque, New Mexico, May 14-22, 1983; Division II, 2nd, California State Polytechnic University, Pomona, California, May 9-14, 1983; Division III, 2nd, Kenna-Harvey Mudd-Scripps Colleges, Claremont, California, May 9-14, 1983.

Outdoor Track, Men's: Division I, 62nd, University of Houston, Houston, Texas, May 30-June 4, 1983; Division II, 21st, Southeast Missouri State University, Cape Girardeau, Missouri, May 23-28, 1983; Division III, 10th, site to be determined, May 23-28, 1983.

Volleyball, Men's: 14th championship, Ohio State University, Columbus, Ohio, May 6-7, 1983.

NATIONAL COLLEGIATE
CHAMPIONSHIPS
THE SECOND
CENTURY

The NCAA News

NCAA Record

DIRECTOR OF ATHLETICS

PAUL LIZZO appointed at Long Island. He was named interim AD last spring and is beginning his eighth season as head men's basketball coach.

ASSOCIATE DIRECTOR OF ATHLETICS

BOB ZUFFELATO named at Marshall, where he has been men's basketball coach the last three seasons. The 1982-83 season will be his last season of coaching.

Bob Zuffelato will move from coaching to associate AD at Marshall

Tennessee State veteran football coach John Merritt will retire at the end of the year

COACHES

Baseball—FRAN HIRSCHY hired at Long Island.

Men's basketball—BOB ZUFFELATO announced that the 1982-83 season will be his last at Marshall. He has been named the Thundering Herd's associate AD and will assume those duties full-time in the spring.

Men's basketball assistant—BOB ROTH named at Hamilton. He was an assistant at Le Moyne last year.

Women's basketball—BOBBI BONACE, head women's basketball and softball coach at California-Santa Barbara the past 10 years, will become a full-time softball coach following the 1982-83 basketball season.

Women's basketball assistant—ROBIN TUCKER, a former star at Ohio State, named at Illinois.

Field hockey—MARGE MANNION selected at La Salle.

Football—Western Illinois head coach PETE RODRIGUEZ has announced his resignation, effective December 31. He has headed the Leathernecks' program since 1979. JOHN MERRITT, head coach at Tennessee State for 20 years, has announced his resignation following the end of the current season. Merritt began the 1982 season as the winningest active coach in Division I-AA with a 215-64-9 record. Merchant Marine has extended the contract of DENNIS BARRETT through the 1984 season.

Women's gymnastics assistant—GRACIELA TRILLA named at Illinois. She competed at Yale as an undergraduate and also has represented the Puerto Rican national team.

Women's softball—BOBBI BONACE, women's basketball and softball coach the past 10 years at California-Santa Barbara, has announced

that she will devote her full-time coaching duties to softball, following the coming basketball season.

Men's swimming—JEFF CAVANA hired to coach the men's and women's programs at Wright State. He has spent the past two years at Highlands High School in Fort Thomas, Kentucky. JOHN LYONS named at La Salle.

Women's tennis—JEFF MARMON, who had been men's tennis coach at La Salle, now will direct both programs.

SID at Arizona—TOM KNUTSON named at Minnesota-Duluth. He has been a local high school teacher and sportswriter. AMY S. AHLERSMEYER has left Wabash to accept a position as coordinator of athletic information at Indiana-Purdue-Indianapolis. WAYNE HOGAN, an assistant at New Mexico for two years, hired at Florida State. DAN CHMIELEWSKI named at Utica, where he is finishing his senior year.

Associate sports information director—JAMIE KIMBROUGH, formerly the SID at Tennessee Tech, appointed at South Carolina.

Assistant sports information director—DAN PEARSON, a part-time assistant last year at Florida State, promoted to a full-time post.

Strength coach—JOE GREIPP named at La Salle.

CONFERENCES

BRAD TUFTS of Bucknell has been named second vice-president of the ECAC Sports Information Directors Association, replacing RICK VAUGHN, who left American to become public relations director of the Washington Federals of the United States Football League.

NOTABLES

LOU REYCROFT, head men's ice hockey coach at Cornell, named president of the Eastern College Athletic Conference Division I Hockey Coaches Association for 1982-83. GORDON KELLY of MIT named New England Division III indoor and outdoor track and field coach of the year by the New England Track Coaches Association. His indoor and outdoor teams both won conference titles last year.

DEATHS

A. C. "WHITEY" GWYNNE, 72, died October 28 in Morgantown, West Virginia, of a heart attack. Gwynne was athletic trainer at West Virginia from 1946 to 1975. **DON PALM**, 44, died October 27 in Valparaiso, Indiana. He was head men's swimming coach at Valparaiso and formerly coached at Southwest State (Minnesota).

CORRECTIONS

Due to a reporter's error, Scott Schultz was incorrectly identified as the new men's and women's tennis coach at Western Michigan in the October 25 issue of the News. He is the new head coach at Ferris State.

NCAA POLLS

Division I-AA Football

The top 20 teams in NCAA Division I-AA football through games of October 30, with season records in parentheses and points.

1. Eastern Kentucky (7-0)	80
2. Louisiana Tech (7-1)	75
3. Delaware (7-1)	69
3. Tennessee State (7-0-1)	69
5. Northeast Louisiana (7-2)	64
6. Eastern Illinois (8-0-1)	59
7. Holy Cross (7-1)	58
8. South Carolina State (7-2)	53

9. Furman (6-2)	44
10. Nicholls State (6-2)	41
11. Jackson State (7-2)	39
12. Colgate (5-2)	38
13. Miami (Ohio) (6-2)	32
14. Idaho (6-2)	30
15. Grambling State (6-2)	24
16. Western Michigan (5-2-1)	20
17. James Madison (6-2)	15
18. Bowling Green State (5-2)	11
18. Tennessee-Chattanooga (5-3)	11
20. Boston University (4-3)	5

Division II Football

The top 10 teams in NCAA Division II football through games of October 30, with season records in parentheses and points.

1. Southwest Texas State (8-0)	60
2. North Dakota State (9-0)	56
3. California-Davis (7-0)	52
4. Northeast Missouri State (6-1)	48
5. Jacksonville State (6-1)	44
6. Virginia Union (6-1)	40
7. North Alabama (7-1)	36
8. North Dakota (7-2)	30
8. Northern Michigan (7-2)	30
10. Ashland (7-1)	24

Other teams receiving votes (listed in alphabetical order): East Stroudsburg State, Edinboro State, Fort Valley State, Sacramento State, Southern Connecticut State and Texas A&I.

Division III Women's Volleyball

The top 20 teams in NCAA Division III women's volleyball through games of November 1, with season records in parentheses and points.

1. California-San Diego (18-9)	120
2. Sonoma State (18-7)	109
2. Juniata (34-2)	109
4. La Verne (17-8)	102
5. Ithaca (26-6)	96
6. Western Maryland (27-3)	87
7. Macalester (35-9)	81
8. Eastern Connecticut State (35-9)	79
9. Wisconsin-LaCrosse (29-6)	69
10. St. Catherine's (24-21)	63
11. Grove City (29-6)	62
12. Elmhurst (26-7)	53
13. Colorado College (14-20)	45
14. Maryville (Tenn.) (28-11)	36
15. Mt. Holyoke (25-5)	34

Other teams receiving votes (listed in alphabetical order): Brockport State, Elmira, Illinois Benedictine, Massachusetts Institute of Technology, Nebraska Wesleyan, North Carolina-Greensboro, Occidental and Stanislaus State.

Division II Women's Volleyball

The top 20 teams in NCAA Division II women's volleyball through games of November 1, with season records in parentheses and points.

1. Northridge State (23-6)	140
2. California-Riverside (22-5)	133
3. Sacramento State (19-15)	126
4. Portland State (19-2)	113
5. Florida Southern (36-5)	112
6. Angelo State (35-8)	109
7. Wright State (26-7)	94
8. California-Davis (9-9)	86
9. Florida International (24-6)	77

10. Chapman (16-8)	69
10. Ferris State (24-11)	69
10. Lewis (16-8)	69
13. Nebraska-Omaha (29-9)	50
14. Northern Colorado (29-15)	44
15. Indiana (Pennsylvania) (23-9)	41
16. Wayne State (Mich.) (22-7)	36
17. Central Missouri State (35-4)	26
18. C. W. Post (36-3)	25
19. North Dakota State (36-7)	21
20. Edinboro State (28-7)	16

Other teams receiving votes (listed in alphabetical order): New Haven, Sam Houston State and Southwest Texas State.

Division I Women's Volleyball

The top 20 teams in NCAA Division I women's volleyball through games of November 2, with season records in parentheses and points.

1. San Diego State (24-2)	157
2. Hawaii (14-0)	155
3. Stanford (18-5)	142
4. Cal Poly San Luis Obispo (19-4)	137
5. Pacific (17-4)	126
6. Southern California (15-5)	123
7. Arizona State (25-9)	112
8. Arizona (18-9)	103
9. Brigham Young (27-4)	93
10. Purdue (21-0)	92
11. UCLA (15-10)	78
12. Nebraska (21-4)	70
13. California (21-6)	63
14. Texas A&M (25-4)	60
15. San Jose State (16-6)	48
16. Northwestern (19-8)	36
17. California-Santa Barbara (18-11)	30
18. Texas (21-11)	26
19. Pepperdine (14-9)	17
20. Tennessee (18-4)	7

The other team receiving a vote was Southwest Missouri State.

Division I Field Hockey

The top 20 teams in NCAA Division I field hockey through games of November 1, with season records in parentheses and points.

1. Old Dominion (12-1)	140
2. Connecticut (13-2)	133
3. Iowa (19-1)	126
4. Temple (13-2)	119
5. Penn State (13-4)	112
6. Delaware (11-4-1)	105
7. California (11-1)	98
8. Northwestern (15-4)	91
9. Virginia (14-2)	83
10. Massachusetts (13-2-1)	76
11. San Jose State (12-5)	69
12. Princeton (11-2)	66
13. North Carolina (11-5)	55
14. Maryland (11-7)	48
15. Rutgers (11-9)	40
16. Springfield (11-4)	38
17. Stanford (7-4)	23
18. Southwest Missouri State (16-3)	18
19. Harvard (10-2)	13
20. Michigan (12-3)	8

The other team receiving a vote was Davis & Elkins (12-2).

The NCAA News

The Market

Readers of The NCAA News are invited to use The Market to locate candidates for positions open at their institutions, to advertise open dates in their playing schedules or for other appropriate purposes.

Rates are 35 cents per word for general classified advertising (agate type) and \$17.60 per column inch for display classified advertising. Orders and copy are due five days prior to the date of publication for general classified space and seven days prior to the date of publication for display classified advertising. Orders and copy will be accepted by telephone.

For more information or to place an ad, call 913/384-3220 or write NCAA Publishing, P.O. Box 1906, Mission, Kansas 66201.

Positions Available

Athletic Director

Athletic Director, Oakland University. Applications are being accepted for the position of director of athletics at Oakland University, a position reporting directly to the president of the university. Responsibilities include administering the NCAA Division II athletic program for men and women and the university's intramural program, overseeing the management of sports and recreational facilities, administering programs that promote leisure time recreation for members of the university community and for members of the local geographic area, administering wellness and cardiac rehabilitation program, initiating and directing major fund-raising activities. Candidates will have a master's degree, substantial managerial experience in personnel and financial areas, coaching experience, a commitment to the scholar-athlete philosophy, a strong interest in Community Health Maintenance Programs, experience in successful fund-raising activities. The position demands an individual with leadership ability and strong oral and written communication skills who can interact with both university and local communities. Oakland University is a state-supported university with 11,000 students located on a 1,400 acre campus, 25 miles north of Detroit. Salary is negotiable. Send let-

ters of application, resumes and names of three references to: Employee Relations Department
141 North Foundation Hall
Oakland University
Rochester, MI 48063
313/377-3480

Applications must be received by November 15, 1982. OAKLAND UNIVERSITY IS AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION INSTITUTION

Academic Counselor

Athletic Academic Counselor. To assist in a program of counseling and academic/career planning for scholarship student-athletes. Minimum of master's degree with academic preparation or experience in fields of human behavior and a strong English grammar background. To receive full consideration, application, resume and three letters of recommendation should be received by December 1, 1982. Submit to: Dr. Dale O. Roark, c/o Athletic Department, Oklahoma State University, Stillwater, Oklahoma 74078. Minority and women candidates are encouraged to apply. An equal opportunity employer.

Ticket Manager

Athletic Ticket Manager. The University of Pittsburgh is accepting applications for a ticket sales manager in the department of

intercollegiate athletics. This position requires strong management, sound business principles, sensitivity to public relations and understanding of the marketing component of ticket sales. Responsibilities include managing the disbursement of tickets for a 56,000-seat football stadium and a 7,300-seat basketball arena; aiding in the planning and implementation of a ticket marketing plan; establishment of sound business accounting procedures; operation of a computerized ticket system, and overall supervision of office personnel. Qualifications include a bachelor's degree with managerial experience in financial areas and personnel. Experience in computerized ticket sales system is desirable. Resumes should be sent to Mr. John Blanton, Assistant Athletic Director for Business and Management, University of Pittsburgh, P.O. Box 7436, Pittsburgh, PA 15213. Application close date November 30, 1982. The University of Pittsburgh is an equal opportunity/affirmative action employer.

Football

Head Football Coach. Reports to director of athletics. Qualifications: minimum of five years' successful football coaching experience on the college, university, or professional level; significant experience in recruiting; demonstrated organizational and public relations skills; demonstrated integrity and character; bachelor's degree required. Responsibilities include, but are not limited to, the following: direct and coordinate a staff of assistant coaches; coach the team using the techniques, strategies, and motivation required to achieve success; develop a highly successful recruiting program; establish and maintain a positive public relations image for the team; the Athletic Department, and the university; supervise and adhere to the football budget; assist the athletic director in scheduling, and abide by the rules and regulations of the university, NCAA, and Southern Conference. Salary negotiable, commensurate with experience. Application deadline December 1, 1982. Send resume to: Dr. Ronald E. Beller, President, East Tennessee State University, P.O. Box 24520A, Johnson City, Tennessee 37614. ETSU is an equal opportunity/affirmative action employer.

Head Football Coach. To be responsible for recruiting, counseling and coaching of student-athletes; and selection, supervision and leadership of coaching personnel. Position requires a master's degree and college

coaching experience. Experience in personnel supervision and budget management is preferred. Deadline date for receipt of completed applications is November 15, 1982. To be considered for the position, send letter of application, resume, transcripts and three letters of recommendation to: EEO Officer, Roy Hall 103, Northwestern State University, Natchitoches, Louisiana 71457. Northwestern is an equal opportunity employer.

Head Football Coach at St. Cloud State University. Non-tenure track position. Salary dependent upon qualifications and experience. Appointment date January 15, 1983. Other related duties in men's athletics. Possibility of some teaching. Qualifications: evidence of successful football coaching experience required; effective public relations and recruiting skills very desirable. Applications accepted through December 10, 1982. Contact: Noel Olson, Director of Men's Athletics, St. Cloud State University, St. Cloud, Minnesota 56301. Affirmative action/equal opportunity employer.

Tennis

Head Men's Tennis Coach. Position currently available at Roanoke College, Salem, Virginia. The position is part-time for three months in the spring. Roanoke College is Division III and a member of the Old Dominion Athletic Conference. Application deadline December 1, 1982. Send credentials to: Ed Green, Athletic Director, Roanoke College, Salem, VA 24153.

Track & Field

Head Track and Field Coach for Men and Women/Assistant Wrestling Coach. Lock Haven (Pa.) State College, a member of the Pennsylvania State Athletic Conference and the Eastern Wrestling League, invites applications for the position of head track and field coach for men and women and assistant wrestling coach. The candidate should possess a bachelor's degree, with master's degree preferred; ability to organize, supervise, and administer NCAA Division II track and field programs for men and women; ability to relate effectively to an NCAA Division I wrestling program, to include coaching techniques with international experience preferred; previous coaching experience in both track and field, and in wrestling. Appointment

is a full-time, nine-month, non-tenure track position, effective January 1983. Salary is based on qualifications. Submit letter of application, resume, and names of five references by November 24 to: Dr. Charles A. Eberle, Director of Athletics, Lock Haven State College, Lock Haven, PA 17445. An affirmative action/equal opportunity employer.

Open Dates

Football at Abilene Christian University. Needs opponents for 1983, 1984, 1985 and 1986. Open dates in 1983 are September 10 and 17. Open date in 1984 is September 15. Open dates in 1985 are September 7 and 21. In 1986, open on September 12, 20 and 27. Contact: Wally Bullington, athletic director, Abilene Christian University, Abilene, Texas 79699. Telephone 915/677-1911.

Women's Softball. Need one team for Division I-1983 Huron Invitational Tournament. Eastern Michigan University, April 15-16. Phone: Anne Johnston, 313-487-1031.

Football. Need away date for October 8, 1983. Kean College. Phone: Jim Hazlett, 201/527-2323.

We want your jobs.

The Market, the NCAA's job listing service, wants to do a job for you. Member institutions and conferences are finding that this is the place to come when they have a job to fill. For information about placing an ad, call Dave Seifert at 913/384-3220.

Head Football Coach Western Illinois University

The department of intercollegiate athletics invites applications for the position of head football coach. This position reports directly to the athletic director and will be responsible for the management of the I-AA football program, coaching staff and accompanying responsibilities. Appointment: 12 months. Salary open. Applications will be accepted until November 27, 1982. Send applications to:

Gil Peterson
Athletic Director
Western Illinois University
Macomb, Illinois 61455

Western Illinois University is an affirmative action/equal opportunity employer.

Newsworthy

Only two players have won collegiate soccer's coveted Hermann Trophy twice during their careers. Both played for St. Louis University, and they kept the award in the Billiken trophy case four straight years (1969-1972). Can you name them?

Three victories, tie forfeited

California State (Pennsylvania) has forfeited its three victories and one tie in football this season because of an ineligible player.

According to John Pearce Watkins, president of California State, senior Paul Palumbo, an all-conference safety last year, was ineligible to play in the first six games this season. Watkins said it had been assumed Palumbo had received a medical waiver in his freshman year. Palumbo was injured his freshman year but played in two games, making him ineligible this year.

Because of the forfeits, California State's record drops from 3-3-1 to 0-7, with three games remaining.

Basketball hall of fame planned

A fund-raising drive to collect \$2.5 million in pledges for a new basketball hall of fame has reached \$1.4 million, according to Jerry Healy, spokesman for the current museum.

The state of Massachusetts has given a \$5 million grant for the \$7 million project to build a new hall of fame along Interstate 91 and the Connecticut River on the edge of downtown Springfield, Massachusetts. Construction could begin next year.

Promoters claim a new museum would lure more tourists than the current Basketball Hall of Fame at Springfield College, where James Naismith invented the game in 1891.

Former Boston Celtics star Bob Cousy is national chairman of the fund-raising campaign.

League acknowledges record

Potsdam State knew it would be difficult to replace goalie Randy Brown during the current ice hockey season. Now, it sounds even more difficult with the recent announcement by the Eastern College Athletic Conference that Brown set a record last season.

Brown, who was a four-year standout at Potsdam State, is the ECAC record holder for most consecutive scoreless minutes played. He accomplished the feat by playing 166 minutes, 29 seconds during a span of four games last season. He broke a mark of 152:33 set by David Reece of Vermont in 1970-71.

His streak began in the last 36:25 of a game against Buffalo and was followed by shutout victories against Hamilton and Rochester Tech. The streak finally ended when he allowed a goal to Oswego State at 10:04 of the first period.

a: Al Trost (1969-1970) and Mike Seerey (1971-1972).

Record

Division III Football

The top 15 teams in NCAA Division III football through games of October 30, with season records in parentheses and points.

1. Baldwin-Wallace (8-0)	60
2. West Georgia (7-0)	55
3. Augustana (Ill.) (7-0)	49
4. Wagner (6-0-1)	44
5. Wabash (8-0)	42
6. Wisconsin-Stout (8-1)	35
7. La Verne (6-0)	32
7. St. Lawrence (7-0)	32
9. Swarthmore (7-0)	23 1/2
10. Bishop (6-1)	19 1/3
11. Widener (7-1)	19
12. Montclair State (6-0-2)	15 1/2
13. Hope (7-1)	15
14. Plymouth State (8-0)	13 1/2
15. Wartburg (7-1)	13

Other teams receiving votes (listed in alphabetical order): DePauw, Franklin & Marshall, Mt. Union, North Central, Ohio Northern, Trenton State and Union (N.Y.).

Division III Field Hockey

The top 20 teams in NCAA Division III field hockey through games of November 2, with season records in parentheses and points.

1. Trenton State (22-0)	100
2. Ithaca (13-2)	93
3. Franklin & Marshall (11-2-1)	92
4. Elizabethtown (14-2-1)	85
5. Tufts (13-2-1)	79
6. Bridgewater (Mass.) (12-5-3)	73
6. Frostburg State (15-3)	73
8. Bates (10-2-2)	63
9. Denison (13-4-1)	56
10. New England College (14-1)	53
10. Glassboro State (10-6)	53

18. Wooster (11-7)	13
19. Sweet Briar (9-3)	8
20. Drew (12-3)	5

Defending

Continued from page 9

appearance, lost in last year's regional final to Kentucky Wesleyan. The Marauders must replace Eric Love, the school's all-time rebounding leader and No. 2 career scorer. The return of Bruce Davis (14.0 ppg) and James Marable (13.6 ppg, 8.3 rpg) will help.

... Northern Kentucky had its first winning season in four years and returns leading scorer Brady Jackson (19.0 ppg) ... Wright State made its fourth straight NCAA appearance last year. Gary Monroe (12.2 ppg) is the top returnee ... Georgetown (Kentucky), which will go NAIA again, has an 18-game winning streak but only one starter back.

North Central Region

Top Teams—Ferris State, 20-6, three; Oakland, 18-9, three; Saginaw Valley State, 24-8, four; Wayne State, 15-9, three.

Names and Notes—The addition of the Michigan schools makes this a

more competitive region ... Ferris State, defending champion in the Great Lakes Conference, has all-league performers Dave Swilley (15.5 ppg) and Mike Gillespie (9.9 ppg) ... Larry Lubitz (15.2 ppg) returns at Oakland ... Saginaw Valley State has declared for NAIA competition ... Howard Monk (11.5 ppg) and several transfers will be the keys at Wayne State.

West

Top Teams—Eastern Montana, 19-10, two; Seattle Pacific, 16-11, five.

Names and Notes—Alaska-Anchorage won last year's Great Northwest Conference title but must replace five starters, which is the same task interim coach Joe Folda faces at Eastern Washington ... Eastern Montana's top returnee is Ron Osborne, while Seattle Pacific hopes Gregg Kingma (16.9 ppg) can lead it into postseason play.

Division I

Continued from page 1

the division will determine whether the majority wishes to adopt criteria to bring about that result, as provided in Bylaw 10-1-(c), which was adopted as part of the three-division concept some nine years ago.

The plan proposes new criteria for all members of Division I, whether or not they sponsor football, basketball or both. It mistakenly has been characterized as a football vs. basketball issue, or reflective of a dispute between larger and smaller institutions. In fact, all sizes of institutions featuring football or basketball programs, or both, will be able to meet the proposed criteria for membership in Division I.

The Council and Division I Steering Committee have emphasized that the plan is designed to determine that Division I members share, to an appreciable degree, a comparable commitment to intercollegiate athletics at the Division I level, including one or both of the major sports of football and basketball, and a number of other sports as well.

Rationale

• For the past eight years, there has been an average of five institutions per year moving into Division I—an overall increase of 16.9 percent. With few exceptions, these have not been institutions joining the NCAA for the first time; rather, the movement has been from Divisions II and III. In addition, some institutions that opted for Division I membership when the division was created in 1973 have focused their attention principally on one sport (men's basketball), to the apparent detriment of most, if not all, of their other sports for both men and women.

• All members of Division I determine the policies that affect the conduct of all sports, for both men and women, at Division I member institutions, except in football, where only football-playing members vote on football-only policies. The Council believes it reasonable to suggest that if an institution's vote is to affect legislation regarding recruiting, financial aid or eligibility, for example, in all other sports at all Division I institutions, such an institution should be required to display a Division I commitment to one or both of the major sports of football and basketball, as well as a number of other sports. Thus, minimum standards of commitment to Division I programs in football or basketball, as well as other sports, should be required to assure a fair appraisal of legislation as it affects all Division I sports at all Division I members.

• Statistics show that institutions with football classified in Division I and other Division I institutions with major commitments to basketball sponsor on an average substantially more sports for more participants, both men and women, and experience greater success in more sports in NCAA championships.

Bylaw 11 would be amended to specify certain criteria for all members of Division I, as well as certain additional criteria to be met by those in Division I-A or Division I-AA in football and those Division I members that do not sponsor football or do not sponsor it in Division I.

All Members

All members of Division I would be required to continue to meet the existing criteria in Bylaws 11-1-(a), (b), (c) and (d). Specifically, each Division I member, under those bylaws, must:

• Comply with the Division I financial aid limitations in Bylaw 6-5.

• Sponsor a minimum of eight varsity intercollegiate sports for men in Division I.

• Conduct its regular-season competition under eligibility rules at least as stringent as those of NCAA Bylaw 5 that are applicable to Division I.

• Schedule and play not more than

DIVISION I TABLE

Category	No. Men's Sports and Participants		No. Women's Sports and Participants		1979-82 Men's Championship Participants and No. Sports	
Division I-A	10.5	340.1	8.1	131.7	58.6	5.1
Division I-AA	10.1	295.3	7.3	129.1	17.2	2.8
Other Division I	8.5	154.1	5.4	74.6	6.0	0.8

four basketball games, if the institution sponsors basketball, against institutions that are not Division I members and play at least one-third of its regular-season basketball contests at home.

In addition, all members of Division I would be required to award collectively financial aid to student-athletes in their Division I sports amounting to 50 percent of the total permitted for those sports under the applicable portions of Bylaws 6-5-(b)-(1), 6-5-(c), 6-5-(d) and 6-5-(e). Such aid could be distributed to any number of the varsity sports sponsored in Division I.

That would result in a Division I-A member being required to award aid amounting to the value of not fewer than 90 full grants-in-aid, with the comparable totals being 80 full grants

could retain Division I-AA classification if it is a member of an allied football-playing conference in which at least six of the conference members sponsor football and more than half of the football-playing members meet the attendance criterion for the applicable period.

Other Division I Institutions

Any other institution could be a Division I member if it met the above-mentioned criteria applicable to all Division I members and complied with one of two basketball-attendance options:

• Average more than 3,500 in documented paid attendance per home basketball game in the immediate past four-year period, or

• Average more than 110,000 in documented paid attendance per season for all basketball games, at home and away, in the past four-year period.

A conference exception also would be established for institutions not meeting either of those attendance requirements. Such an institution could be a Division I member if it is a member of an allied basketball-playing conference that meets the requirements of Bylaw 5-7 and if at least six conference members and at least 80 percent of the total members of the conference do meet the applicable criteria.

In the total-attendance criterion for basketball, attendance at doubleheaders would be divided by two, with each of the four teams permitted to include one-half of the final documented paid attendance for the doubleheader. In both criteria, teams playing more than 50 percent of their home games as part of doubleheaders in college campus arenas would be permitted to count the doubleheader attendance in full.

Effective Date

The Council is proposing an effective date of September 1, 1984, for the new criteria, rather than the September 1983 date originally discussed. All involved institutions would be required to show compliance with the

... to achieve a greater commonality of intercollegiate athletic purposes and programs in Division I

in Division I-AA and 42.5 full grants or their equivalent for other Division I institutions.

As an option, any Division I member could use a minimum financial aid cash expenditure (established at this time as \$5,000 per grant) instead of necessarily reaching the minimum grant members. In an institution where the value of a full grant exceeds \$5,000, for example, the institution could meet the requirement by awarding collectively financial aid amounting to \$5,000 times the appropriate minimum number of grants (90, 80 or 42.5).

Division I-A Football

In addition to all of the forementioned requirements, an institution in Division I-A in football would be required to continue to meet the existing criteria in Bylaws 11-1-(e)-(2), (3) and (4). The exception and waiver

... all sizes of institutions ... will be able to meet the proposed criteria'

opportunities in Bylaws 11-1-(e)-(5) and (6) also would remain.

Division I-AA Football

In addition to the requirements for all Division I members, an institution in Division I-AA football would be required to continue to meet the football scheduling requirement in Bylaw 11-1-(f)-(2).

Also, such an institution would have to meet a football-attendance requirement for the first time. It would be required to average more than 4,700 in documented paid attendance per home football game in one of the immediate past four years or, as an option, it could average more than 5,500 for all of its football games, at home and away, in the four-year period. Institutions utilizing the home-and-away option would have to play no fewer than four home games each season. (The 4,700 and 5,500 minimums are in direct ratio to the criteria of Division I-A when compared to the average football attendance in each subdivision.)

The plan would include a conference exception in Division I-AA comparable to that already applicable in Division I-A; i.e., an institution failing to meet the attendance requirement

Division I criteria by that date, which would require them to meet the criteria during the 1983-84 academic year.

For purposes of meeting the attendance requirements, the seasons to be counted in football would be 1980, 1981, 1982 and 1983; in basketball, the countable seasons would be 1980-81, 1981-82, 1982-83 and 1983-84.

Waiver Opportunity

The Council also voted to sponsor an amendment to Bylaw 10-1-(f) that would permit the waiver process in that bylaw to be extended to institutions that believe they will not comply with new criteria adopted by a division. In short, an institution finding itself in that position could petition the membership of the desired division for a waiver of the pertinent criteria at any future annual Convention.
